## Kenneth Mumby fair board president

Kenneth Mumby was elected president of the Stirling Agricultural Society for 1971 at the annual meeting of the directors and executives of the society held at the Odd Fellows Hall Saturday evening.

The former reeve of Rawdon Township succeeds George Sutherland, who thanked the members for their co-operation during the term of his presidency.

Other officers elected were as follows: First vice-president, John Sheridan; second vice-president, Ralph Jeffs; secretary, R. E. Shortt; treasurer, M. Clancy.

The following delegates were named to attend the district convention in Belleville on February 4: Kenneth Mumby, Earl Wallace, and George Sutherland.

Delegates to the provincial conference in Toronto Feb. 24-25 will be Mr. Mumby, Mr. Wallace and G.D. Fitchett.

This year's fair will be held on Sept. 3 and 4.

The annual meeting took the form of a pot luck supper, followed by the election of officers and conducting of business at hand.

It was agreed that the society invite the Holstein Show for the 1971 fair.

M. Clancy gave the treasurer's and auditor's reports, both of which were accepted.

It was agreed that R. E. Shortt be paid \$28 expenses for the band on fair day.

Richard Dracup reported for the horse section, suggesting that it be revised.

Kenneth Weaver thanked the fair board for the service diploma in 1970.

Roy Tokley suggested that program posters be hung around the stables to eliminate misunderstandings.

Reporting on the cattle section, Kenneth Mumby said he would like to see more cattle exhibited.

V. Harry reported on sheep and swine, stating that this exhibit also needed more entries.

It was decided that a letter of thanks be sent to William Ashby, C. D. Fitchett was appointed chairman for the election of officers for 1971.

Roy Tokley and Kenneth Mumby were appointed

**Youthful bowlers will enter tourney**

Singles and team representatives from Stirling Bowl-O-Drome will bowl in the "Four Steps to Stardom" tournament at the Belleville Bowl-O-Drome on February 14, 1971, to earn positions in the provincial play.

The singles spots are ceded to the high average bowler in each division as of Dec. 31, 1970.

The teams in each division are determined by entering the bowler's weekly league games for four weeks in January on the official score boards.

The bowlers having the highest total fall scores after 8 games will fill the five positions on a team.

The singles representatives are:

Bantam Girl - Jo Anne Valchar.

Bantam Boy - Ricky Clements.

Junior Girl - Susan Wright.

Junior Boy - Bill Seely.

Senior Girl - Shirleyann Miligan.

Senior Boy - Tim Beith.

Bantam Girls' Team - Sherry Farrell, Suzanne Jacket, Dianna Barrie, Candy Blakeley and Cheryl McGee.

Senior Boys' Team - Greg Dafeo, Danny Jones, John Mouck, Fred Smith and Paul Jones.

There were not enough bowlers in the Bantam Boy, Junior Girl, Junior Boy or Senior Girl Divisions to enter teams.

**Found:**

**One girl's bike**

An item of special interest in the Officer's report for January, 1971, was the finding of a girl's bicycle on the street.

The finding of a lost bicycle in January is surprising, but even more so is the fact that George Rhynsbarger is having difficulties locating the owner.

Someone is wading through the snow when she could be pedalling through it.

Also contained in the report was the following table for January: tickets - 16, of which nine were for overnight parking; warnings, 4; open doors, 3; days in court, 1; complaints, 9.

## Senior Citizens Gossip

Three of our smart girls, Iva Aythart, Myrtle Tanner and Nellie Montgomery tripped their way among the 10 card tables where previously card games had been in progress and served tasty sandwiches, cheese, pickles and hot drinks at Senior Citizens last Thursday. President Fred Heasman told them what a nice trio they were, and we all agreed.

Someone at another table said: "It must be wrong to play cards for they didn't play them on Noah's Ark." "No," said one, "Most likely Noah was sitting on the deck."

Well, anyhow, we buck members decided not to smoke any more cigars at club meetings. We don't have enough to pass around and many do not care for cigar smoke secondhand. Dis old Scribe is reminded of a yarn.

It was a lucky day in the cannibal village. They had an explorer in the pot, about to be cooked. The chief asked the victim if he had any last word to say. The explorer gasped, "Yes, I'm smoking more now and enjoying it less."

dis ole Scribe.

## Councillor Bensley claims OWRC made miscalculation

The Stirling sewage treatment system, involving two lagoons which cover an area of 13 acres, was judged in August, 1970, by the Ontario Water Resources Commission, to be adequate for a population of 2,500.

Councillor Douglas Bensley stated at Monday evening's council meeting that a preliminary report to O.W.R.C. by an engineering office rates the village's sewage treatment system inadequate as of November, 1970.

Councillor Bensley said that a miscalculation of 40 per cent is extraordinarily high and that the Ontario Water Resources Commission will now be condemning a treatment system that they regarded as adequate less than six months ago.

The engineering office, which was engaged by the village, made a recommendation for the construction of an aeration pond to treat nitrates and phosphates at a cost of \$87,600.

Councillor Bensley pointed out that this recommendation did not consider other pollutants, nor did it consider that if this trend of progress continues, the village will need a further chemical treatment of sewage within a few years. He outlined the ultimate financial savings to be made by looking ahead and planning a chemical treatment stage along with an aeration pond.

Councillor Bensley, in a comment familiar to those who have read the book "Parkinson's Law," said that we often spend time bickering over a few dollars while we just sign without any serious discussion, matters that are concerned with thousands.

Reeve Robert Anderson suggested a meeting with the authorities of the Ontario Water Resources Commission to find out why alternatives to the engineer's ideas were not made.

## Committee of adjustment bylaw passed

At Monday night's meeting, village council went into a committee of the whole on bylaws to discuss bylaw 749-71, a bylaw to appoint a Committee of Adjustment for the village of Stirling with remuneration schedules.

Councillor Maurice Montgomery, chairman of the committee, read the bylaw, which recommended the following appointments:

1. D. M. Armstrong - 3 year term ending December 31, 1971.

Don Royce - 3 year term ending December 31, 1972.

Ross Lain - 3 year term ending December 31, 1973.

Remuneration for members of the Committee of Adjustment was recommended to be:

(a) - \$15 per meeting.

(b) - 10 cents per mile for travelling expenses.

(c) - plus incidentals incurred during pursuit of committee work.

Bylaw 749-71 was passed by council and went into effect immediately.

## Priority to Stirling elderly for apartments

There are now 25 applications by people interested in renting Ontario Housing Corporation Senior Citizen units in Stirling. Over half of these applications are from people living outside the village.

With the 12-unit apartment being constructed on Church Street, many of these applications will not be filled. This is a problem that the confronted council at Monday night's meeting.

Councillor Maurice Montgomery said that, since the village of Stirling will be responsible for paying 7 per cent of the financial loss of this

development, if a loss occurs, then the applications from residents of the village should be respected first.

The units could show a financial loss if all of the occupants were paying the \$37 per month minimum rental, or if some of the one-bedroom units were vacant.

Council admitted that the first service should be to residents of Stirling, but also noted the right of citizens of Rawdon and Sidney Townships to these accommodations.

Council decided to apply for a second 12-unit apartment in order to provide for the growing demand for this type of housing.

## Hearing suggested into zoning complaint

Mrs. Pearl Tokley asked council Monday evening if a council should have to keep paying taxes on a piece of property he is unable to sell due to zoning bylaws. Mrs. Tokley, who owns the mill property on Front Street, was referring to a zoning restriction which prevents the development of the mill site for a commercial purpose.

The zoning bylaw is the result of long-range planning and council indicated that permission of the council is not enough to enable the sale of the

property for a commercial purpose.

Councillor Douglas Bensley expressed some concern about this unfortunate situation, and agreed that having to pay taxes while being unable to sell, should be corrected if possible.

Reeve Robert Anderson suggested that if Mrs. Tokley apply to the council in writing it would be forwarded to the Ontario Municipal Board where, if a zoning change were to be made, a public hearing would be arranged.

## Don Rodgers appointed to committee

There are two representatives of the village of Stirling on the Quinte Planning Board. Elected council members are appointed to this board for a one-year term. Reeve Robert Anderson acts in this capacity. Other members of the board can be appointed by their respective councils for periods of from one to three years. Former reeve Don Rodgers was appointed to the Quinte Planning Board for a two-year term at Monday night's council meeting.

The Quinte Planning Board is responsible for the creation of an official plan for the Quinte area. Its 24 members are drawn from Belleville, Trenton, Stirling, Frankford, Brighton and Sidney Township.

Reeve Anderson has also been appointed to the Hastings County Planning Committee.

## Major water leak

At press time last night, workmen were trying to locate a leak which had developed in the municipal water system in Stirling.

In near zero temperatures, the men were systematically isolating various sections of the

system. At the time of writing the municipal water tank was reported to be empty and pressure was low throughout the village.

One area of concern was Edward St. Manor which has a hot water heating system.

Reeve Anderson has also been appointed to the Hastings County Planning Committee.

Grace Chapel on Edward St. is Stirling's newest church building. Plans for the new building were made following a fire in March of 1970, which destroyed the old church located on Front St. The first service in the new church was held last Sunday evening. The Sunday School room in the basement will be completed shortly and a kitchen will be added at one end of this room. Plans are being made to have an official opening, possibly in May.

CO-OP® Dairi-Flo 36% Dairy Supplement provides all the essential nutrients required to balance grain rations. When used at 300 lbs. per ton of balanced ration, CO-OP Dairi-Flo 36% Dairy Supplement allows dairymen to build rations that are flexible in protein levels. As forage quality varies, the protein level in the ration must be adjusted.

It is important for optimum production and for the condition of the cow to maintain the proper protein intake at all times. The CO-OP Dairi-Flo program uses 300 lbs. per ton of CO-OP Dairi-Flo 36% Dairy Supplement as a base. Soybean meal (if required) and grains are added in proper proportion to obtain the required protein level. This allows for maximum economy and performance because Vitamins and Minerals are added at constant levels allowing for utilization of home grown grains to the fullest extent. As well, the result is a very well-balanced low cost dairy ration. CO-OP Dairi-Flo 36% Dairy Supplement now contains added Vitamin E to assist in the control of "Off Flavour" milk during the winter feeding period.

Hundreds of Ontario Dairymen have proven that CO-OP Dairi-Flo 36% Supplement pays. Ask your Co-operative for a free guide to the selection of proper protein levels for forages of varying quality.

## CENTENNIAL REPORT

A report by Thom Reynolds from Centennial  
Secondary School, Palmer Road, Belleville

During the weekend, boys from Centennial took part in a Hockeython to raise money for a school in the West Indies. Four teams of boys played 72 hours of non-stop hockey. The game started Thursday night on a sheet of ice outside the school, but because of poor ice conditions early Friday morning, the games were moved to outside ice near the Ontario School for the Deaf. The game continued through to Sunday afternoon with teachers taking part in the final contest. The teams were trying to beat the record set by Quinte Secondary School in 1970, of 68 hours of non-stop hockey.

On Wednesday afternoon, a special Safety Contest sponsored by the Industrial Accident Prevention Association of Belleville was held at Centennial. The contest was held as a result of the Association's findings that the accident rate had increased during summer months when students were employed. This is the third year that such a program has been sponsored. Taking part were 350 technical students, who, after completing three multiple choice quizzes, were reduced to eight finalists. The finalists were divided into two teams with further testing resulting in a winning team who received cash prizes. The winning team consisted of Rick Williams, Chuck Seeley, John Mouck and Craig Turner. Coaches for the two teams were Mr. Henry and Mr. Spackett of the Technical Department. Six schools in the area will take part in a competition on Friday, February 12.

This week at Centennial, the Gold Spur Society is presenting Mid-Term Madness, alias School Spirit Week. The club's aim is to promote school spirit among the students. The club is supervised by Mrs. Irvine of the Language Department. The Golden Spur Society has set up a lengthy program of activities which runs from Monday to Friday of this week. The program includes Snow Sculpting, Basketball games, Snowball Fighting, Pillow Fighting, Centennial 500 Tricycle Race, Euchre Tournament, Free Dance with a student council card on Friday night and a Boys' Baking Contest. The preliminary baking contest took place a week ago

with 22 chocolate cakes entered. Six finalists baked-off at the school yesterday.

On Wednesday night of last week, students of Mediterranean '71 and their parents attended a special Open-House at Centennial. In attendance at the meeting were the president of New World Education Cruises and the deputy-director of education for British and India Steamships. Students going on the Mediterranean cruise will be leaving on Friday, February 19. On Monday morning, the Air Transport Command Band, known as the Vimy Band, played two 40-minute concerts for Junior and Senior students. The band is composed of five separate bands, who came together with the unification of the Armed Forces. The Air Transport Command Band of 50 members from Kingston is under the direction of Capt. Kenneth Moore and assistant-director Harry Eagles. The band has done numerous workshops for high school students and carried out instruction classes. The band is now on a three-week tour of the immediate area.

The senior band of Centennial will be recording a record on February 17 with an Oshawa recording company. The band will have on sale in March, a thousand copies of their record and these will be sold by band members at approximately \$4 per record. The profit from the sales will be used to pay for concert trips and new uniforms which the band received before the new year. The band will be playing such selections as Bisset's Carmen, selections from Hair, My Fair Lady, Oklahoma, Mr. Lucky and Theme Rock Out.

### Local and Personal

James Mitchell, Stirling, played his saxophone at Tyendinaga School on Jan. 21. The students at the school, who are pupils of music teacher, Mrs. Douglas Faires and classroom teacher, Mrs. James Stobbs, have been studying the saxophone.

The Switzer Brothers, from Frandford, gave a concert at Harmony Public School, R.R. 1, Corbyville, last Thursday afternoon. The school is under the supervision of Mrs. Dinton Meiklejohn, Spring Brook. Also attending the performance were music students of Mrs. Douglas Faires from Tyendinaga, Shannonville, Cannifton and Foxboro schools.

Mrs. Elizabeth Foster, Mill St., is spending the winter months with her daughter, Mrs. Arthur Pitcher, 4330 Cedar Dr., Pierrefond, P.Q. She is expected to return home about the end of March.

## A Good Sign

There is growing evidence that owners of snowmobiles have recognized the need for training and sound judgment in the operation of their machines.

That meeting last week, organized by the Stirling Snowdrifters Club and the Quinte District Sport Association, at which safety experts lectured in the proper use of snow vehicles, certainly was a good idea. The only problem with such seminars, however, is that the majority of those in attendance are the responsible drivers who least need the instruction offered. The careless simply stay away.

To give these safety-minded organizations the backing they need, the provincial government must take steps to pass, and then enforce, legislation to keep the very young and the foolhardy drivers away from snow machines. The practice of snowmobiling on roads and highways has got to stop, if we are to halt the carnage of the past few years.

Snowmobiling has become, in a very short span of time, one of Canada's most popular winter pastime. There is every evidence that it will continue to excite those who prefer the cold outdoors to the comfort of the hearth.

But there ought to be stricter laws for the protection of the operators. And while the legislators are at it, they might consider implementing a requirement that the machines be equipped with better mufflers, for the benefit of residents who get tired of being disturbed by startling roars, at various times of the day or night.

## Letter to the editor

Sir:  
I would like to take this opportunity to introduce ourselves to the Moira Valley District Council and those people representing the Cubs, Scouts and Venturers in your area.

This year, a great deal of the District Staff retired and thus we

find ourselves, the newly elected staff, in a position where we are in need of assistance at times. Although we do receive help from the retired members, we do appreciate greatly the support of the people.

In an area as large as the Moira Valley, which extends from Number Seven Highway to

Belleville and from the Trent River to Tweed, there are a great number of boys in the Cub, Scout and Venturer movements. It takes a great deal of people to efficiently run the scouting groups in the towns of this district.

We held our first meeting of the year at the Foxboro United Church Hall during the second week of January. The attendance was very good considering the weather that evening. Mr. Allan Wells of Stirling took command of the meeting as the new president of the district staff. We discussed several issues which required attention and then we all participated in a discussion on the growth of our district, led by Reverend Lester Bigby, vice-president. Along with this, we also discussed how to get more people involved in the scouting movements. We found that the participation of our own youth is lacking in spirit and enthusiasm with their own age group, but we hope in the near future these circumstances will change.

I would like to extend again from all of us of the district staff an invitation for you to become involved and if you like to attend our next group meeting. The place and date of our next meeting can be obtained from the chairman, secretary or

treasurer of your local group committee, as well as from the Cub, Scout and Venturers leaders.

So Don't Be Shy - come on out and see what goes on behind the scenes of scouting!  
John Kirm  
Secretary.

## Letter to the editor

Dear Mr. Kemp:

May I, through the medium of your newspaper, voice a word of praise and appreciation to our district young people; that same group who are so often criticized in newspapers throughout the world.

Last Friday night, the Hi-C of St. Paul's United Church sponsored a lovely dance, one which was enjoyed by all who attended. The decorations were lovely and the luncheon excellent and all was well planned and executed in the best possible manner. These young people did all this work themselves, with the assistance and guidance of their capable leaders, Barb and Wayne Martin.

Besides saying thank-you to these young people, I would like to express the hope that they will not be too discouraged because this venture was not a financial success. A terrible storm, plus a combination of other events did reduce your crowd, but many of us are hoping you will make this an annual event. It is very nice to have a dance here in Stirling for those that you may consider the "older" crowd. You have proved that you are considerate and thoughtful by arranging this dance, and you have also proved that the "generation gap" can be bridged and we all can enjoy the same activity at the same time. Many thanks - from one of the "older" crowd.

## River Valley UCW

The River Valley unit met at the home of Mrs. Ernest Carr on January 20. To keep in touch with the study of the Latin Americas, the roll call was answered by the current information on these countries. In the reports, it was noted that clothing for boys, especially 6 to 8 years, could be replenished in the church supply cupboard. In the stewardship talk, Mrs. Roy Bush said that we have passed from the era where the thought that God is dead had drawn attention to an era where responsible communications is

encouraged. Minorities that have had strong influences often against desirable Christian progress have been seen.

"We must stand on our own convictions if we are to maintain or gain the best for society," she said.

The program was conducted by Mrs. Roy Irvine. The worship service kept in mind that we were at the beginning of a new year with hopes and aspirations. The topic on priorities was prepared and led by Mrs. Harold Wells. A skit, "Don't Let It Happen Without Me", was presented by Mrs. Bush, Miss Heasman and Mrs. A. Wells. Discussion followed, from prepared questions that had been assigned to groups. These dealt with conserving rather than consuming, priorities of those living in the past generation, priorities in the present generation, and how to encourage responsibilities in children.

## River Valley WI card party

River Valley Women's Institute held their fourth card party at the centre on Friday evening, January 29th, with 22 people in attendance.

There were five tables in play and eight guests were in attendance from Stockdale and Wellman.

The Historical group provided refreshments and were in charge of the arrangements. The prize winners, first and second, were - ladies, Miss Jean Donohoe and Mrs. Hazel Orr, Stockdale; men, Harry Jeffries and Percy McMullen.

A novelty gift was donated and Mrs. J. L. Donohoe was the winner.

## Couple Celebrate 50th Anniversary

On Sunday, January 31st a family dinner party was held in Springbrook Church hall, on the occasion of the 50th wedding anniversary of Mr. and Mrs. Orrie Barton, Springbrook. There were 42 relatives and close friends in attendance.

The guests were received in the church by the honored couple. Mrs. Barton wore a navy blue dress with lace trim and a corsage of pink carnations with gold ribbon and Mr. Barton was given a white carnation. Shelley Sargent, a granddaughter, was in charge of the guest book.

The church hall and the home nearby were tastefully decorated with gold streamers and bells by Connie Tucker, another granddaughter.

At the close of the dinner the two granddaughters served the anniversary cake.

Beautiful floral arrangements were placed on the dining table and the gift table. The ten grandchildren provided the arrangements and corsages for the occasion.

The central theme in the dining room was a three tiered anniversary cake in white and gold. The cake was a gift from their niece, Mrs. Raymond Begg. It was decorated by a chum of theirs, Mrs. Harry Grills. The small vase on the top was used on the original wedding cake and it held yellow rose buds for this occasion.

Roy Tucker was master of ceremonies for the afternoon and invited the group to the dining hall. Mr. Barton said the grace and the guests from Toronto, Port Credit, Ottawa, Campbellford, Stanwood, Hastings, Belleville, Glenora, Menie, Warkworth, Stirling, Ottawa and English Line enjoyed a delicious meal with the local U.C.W. catering.

Following the cake ceremony numerous pictures were taken. Congratulatory messages were read by Russell Sargent from Prime Minister Pierre Trudeau.

## Chinchilla breeder wins six ribbons

Jean-Paul Cazenave, R.R. 2, Stirling, recently won six prize ribbons at shows in Brampton sponsored by the Central Ontario Branch of National Chinchilla Breeders.

In the Debutant Show, in which there were 70 competing animals, he won four ribbons. The other two ribbons were won in the Professional Show which saw 439 animals in competition.

Mr. Cazenave, who operates Chinchilla Ranch, started last January a new breeding program in connection with the Coldor Chinchilla Inc. method of Chinchilla ranching and got this fast result in his first show entry.

Besides operating the Chinchilla ranch, Mr. Cazenave is a Chinchilla ranching supplier and representative of Coldor Chinchilla Inc.

## Pupils pass

The following students of Grace Pitman, A.T.C.I., were successful in the recent piano exams held at Albert College by the Royal Conservatory of Music, Toronto. Miss Susan Rose, honors, Miss Mary Potter, pass, and John Williams, pass.

Each have their Grade 2 Theory and therefore are entitled to their Grade Eight Piano Certificate.

## Hastings Milk Committee holds annual meeting here

At the annual meeting of the Hastings County Milk Committee held in Stirling last Tuesday night, the County Committee members for the ensuing year were elected.

Following the chairman's report, three directors

announced their retirement: Horace Knight, Douglas Harry and Percy Ray. The terms of two of these had expired.

The retiring secretary-treasurer, Doug Harry, read the minutes and gave the financial report, which showed another successful year.

The committee consists of 15 directors, five of which are elected annually. Putting in their bid for this position were George Robinson, Harry Danford, Glen Franks, Percy Reid, Joe Thompson, Gordon Bailey, Ron Graham and Grenville Sine, the latter five being successful.

Douglas Tipper announced that Mrs. Gunning and Mrs. Harry were to scrutinize the counting of the ballots.

Allen Ketcheson was re-elected Ontario Milk Marketing Board member, who has held this position since the appointment of the Board in representative six years ago. He represents the three counties of Hastings, Prince Edward and Lennox and Addington. Mr. Ketcheson spoke, commending the Hastings County Milk Committee on their successful year.

He said the function of the County Milk Committee is for milk producers to have local members closely connected with the O.M.M.B. The committee's aim is to promote and investigate changes. All producers are paid from the

central office. A Plant Supply Quota was brought in so that every plant has a quota established on a base period. With this, when milk supply goes down, only the percentage of milk supply changes and this keeps the supply even.

He spoke of the agreement made on January 14 by the Ontario and Quebec governments on marketing milk and the use of the Market Sharing Quota. To establish a market sharing quota system means everyone gets his share of the domestic market. This is the first plan ever established to keep production in relation to demand.

Mr. Ketcheson spoke briefly about the bus trip of approximately 80 persons from Hastings County to tour the Milk Marketing Board Office in Toronto. He said he would encourage any group to come and see their computer system and this office as it is owned by the farmers and it is a very worthwhile experience.

Tom Heath spoke on the Certificate from the Hastings County Committee, which has established a program whereby a producer is awarded a certificate when he puts up top quality milk for a period of twelve months. The number of certificates awarded has more than tripled in three years.

The O.M.M.B. Fieldman, Douglas Ptolemy of Belleville, was in attendance. He spoke to the committee on the Market Sharing Quota and the procedure involved in transfers. The fieldman informed the producers that it was only through him that they could obtain the transfer forms. He is starting a program whereby he will be in the County Agricultural Office in Stirling every third Thursday from 1:15 to 3:30 in the afternoon. He said that he has a telephone answering service in his home. Farmers can call anytime, day or night, and leave a message. He will contact them as soon as he arrives home.

Harry Danford was elected auditor for 1971.

The guest speaker for the evening was Ontario Milk Marketing Board Economist Archie MacDonald, who has spent two years with the Board. After a very interesting talk, he was thanked by George Southerland, Miss Dianne Gunning, the Ontario Dairy Princess, who said an effective and united voice of all producers is needed. Miss Gunning expressed her thanks to the Milk Committee for the support they had given her.

The County Milk Committee announced their plans to hold an evening in honor of Dianne Gunning's achievement in becoming Dairy Princess. This will be held in the spring

## Coun. Bensley clarifies remarks

Councillor Douglas Bensley has asked the News-Argus to clarify a report in last week's edition concerning remarks he made during the Feb. 1 meeting of village council pertaining to Stirling's sewage treatment system.

Councillor Bensley said he did not attribute the blame to the Ontario Water Resources Commission for what he termed a 40 per cent miscalculation in the sewage treatment system. He only stated that such an error had occurred.

In August, 1970, the system was judged to be adequate for a population of 2,500, but in November, 1970, a second survey concluded the system was already inadequate.

Councillor Bensley also noted that a proposed aeration pond "would not take care of the reduction of the chemical load such as nitrates and phosphates."

## Community school activities

By Steve Patrick  
News-Argus Correspondent

Arthur Loucks told the Community Schools steering committee last Tuesday that it was rather late in the year to organize a square dance group. He said that finding an available caller was not easy but he suggested to Community Schools chairman Jack Weatherell that plans be made early if a square dance group is desired next year.

Ed Fleming, in a discussion about "drop-in" centres, suggested that the committee ask the clergy of the village to consider using the school facilities in the evenings as a

## Chips from the old block

Another nice lunch was served at Senior Citizens on Thursday by Evelyn Finkle, Lenora Williams and Florence Hough. The birthday song was sung to our only thoroughbred Scotsman (John Kane) and his daughter, Evelyn Farrell, saw to it that John got a beautiful birthday cake. You're a nice girl, Evelyn, and John's a great chap too.

About 40 were present and must have had a lot of fun for they did a lot of cackling. Speaking of cackling—once a lady at lunch dropped an egg and exclaimed, "Oh, what will I do. I've dropped an egg!" A person close by said, "Cackle, lady, cackle". One at a time please... Past President George Heasman's wife, Lillian, is leaving him soon for the south and has left him in my care. My first duty will be to advertise for a baby sitter. Lil prefers that I get one old and wrinkly but George says he doesn't care how young a one I get. Cheer up, George. No matter what you do, the truth will never be known. I promise.

Well, one thing that George Heasman, Ross Heard and his wife, Lillian, have in common is they can fall in a bath tub without getting their hair wet.

## Plan Heart Fund Drive

On Saturday afternoon the annual tea for the canvassers of the Ontario Heart Fund was held at the home of the campaign manager Mrs. G. E. Warren. Twenty ladies attended and received the necessary literature and kits from Mrs. W. Harlow, assistant manager.

The business areas are never canvassed, nor does the Heart Foundation come under the United Appeal. We again appeal for your most generous support and welcome to our canvassers.

REPAIRING THE LEAK

Dave Lakeman, of Cooke Construction, investigates a water leak on Henry St. which drained the municipal tank last week.

An underground opening, several feet across, under Henry St., contained between four and five feet of water. The water was

draining into Rawdon Creek to the east.

## Snowmobile operator suffers serious injuries

A 46-year-old Stirling area man was seriously injured when he and a companion crashed into a gravel pit while snowmobiling

in Sidney township last Tuesday. Raymond Cooney, R.R. 1 Stirling, suffered fractures in both legs, broken ribs and a broken arm. He was admitted to Belleville General Hospital.

## Domtar major water polluter

Bacteria counts at Stirling registered "unsatisfactory counts," a three volume report by Ontario's Department of Energy and Resources Management presented to the Lower Trent Region Conservation Authority last week said.

The Evergreen Cheese Factory, east of Stirling, was observed by a survey team dumping whey from a tank into the adjacent field and stream, the report said.

Whey from the cheese factory at Harold "evidently fouls a tributary of Squire Creek," it went on to say.

However, the major polluter of the Trent River and Bay of Quinte was said to be Domtar's paper mill at Trenton. Several other Trenton industries and the Bata plants at Batavia also were cited as contributors to pollution of the river and bay.

## Speaking of Sport

BY THOM REYNOLDS

On Monday night, February 1, Stirling Midgets defeated Wellington in the first game of playoff action, 12 to 4. Rob Arbuckle led the scoring with four goals followed by Ron Andrews and Rick Farrell both receiving two goals apiece. Art Reid, Dale Bamber, Mike Hunter and Bill Jackett all picked up one goal each.

Stirling Pee-Wees won over Marmora 8 to 2 on Tuesday night of last week. This was the second game in their playoff series. Cliff Reid picked up three goals and one assist. Doug Bastedo got two goals and one assist. Mark Dobson got one goal and two assists and Jeff Farrell and Wayne Andrews got one goal each. Also assisting in the game were Paul Munro, Gary Utman and Pat Long.

Stirling Midgets in the second game of the playoff action whipped Wellington 16 to 3 on Tuesday night. Ron Andrews and Ken Hodgson led the scoring with three goals each, followed by Mike Hunter, Art Reid and Rob Arbuckle each receiving two goals. Dale Bamber, Don Campbell, Paul Whittam and Rick Farrell got one goal apiece.

On Wednesday night, Campbellford was defeated by the Stirling Novice team, 2 to 1. Stirling Pee-Wees defeated Wellington 6 to 1 in the second series of playoffs. Cliff Reid and Mark Dobson, Captain and Assistant Captain, picked up two goals each while Doug Bastedo and Wayne Andrews received a goal apiece.

In the third game of Juvenile playoff action on Sunday afternoon, Brighton rolled over Stirling 10 to 2. Gord Phillips scored the only two Stirling goals. This places Stirling Juveniles out of the playoffs.

The Stirling Ken Sine Fuel Girls' team tied up 1 to 1 in Campbellford on Sunday night, with Joan Bailey assisted by twin-sister Jane getting the only goal.

On Monday night, Stirling Midgets whipped Marmora 7 to 1 in the first game of the second playoff series. Don Campbell led the scoring with three goals,

followed by Ron Andrews from Doug Morton, Art Reid from Bill Jackett and Ken Hodgson and Rick Farrell, both unassisted. The Midgets' next game will be tonight in Marmora.

The following is the hockey schedule for this week: Ken Sine Fuels Hockey: Stirling at Frankford, Friday, Feb. 12; Lakefield at Stirling, Saturday, Feb. 13, 6:30 p.m.

Midget Hockey: (Playoff) - Stirling at Marmora, Wednesday, Feb. 10; Marmora at Stirling, Friday, Feb. 12 (if necessary).

Pee-Wee: (playoff). Bantam: Tweed at Stirling, Sunday, Feb. 14.

Novice and Pee-Wee Saturday Morning House League Hockey this Saturday morning, Feb. 13.

## HUNTINGDON TOWNSHIP

### COUNCIL HOLDS MEETING

Huntingdon Township Council met at the Township Hall on Feb. 1. The minutes of the last regular meeting were read and adopted.

A request from G. H. Harkema, De Ranty was received to convey part of Lot 2, Con 2, to F. C. Harkema. It was approved, on certain conditions. A resolution was received from the Village of Madoc requesting the Miora River Conservation Authority to investigate making a survey of a proposed dam at Big Bay on the Miora River west of Miora Lake and requesting the Township of Huntingdon to join in the request. No action will be taken until the costs have been ascertained. The road employees are to be paid bi-weekly.

Council requested permission to call tenders for crushing 10,000 cu. yds. of gravel and a new 4-ton dump truck, snowplow and wing from the Dept. of Highways and also for a supplement, road bylaw for \$35,000. A special meeting will be held Feb. 15 at 1 p.m.

Council adjourned and will meet again on March 1, 1971, at 12:30 p.m.

## ST. JOHN'S ANGLICAN CHURCH

The first church a traveller will see, if he enters Stirling from the north on Highway 14 is St. John's Anglican Church. This building is situated on the

corner of North and Gore Sts. Construction on the original church building started in June, 1860. The church was officially opened in 1861. Through the

years various additions have been built. The present rector is Rev. Charles E. Staples, P.F. in a series. Photo by Roy Lewis.

## NEW FROM PURINA:

# A feed supplement that's right for all your dairy animals!

## NEW PURINA FarmBlend COW CHOW 44%

It's PURINA FARMBLEND COW CHOW 44%—a specially-formulated base concentrate that can be mixed in different ratios to provide top nutrition for milking cows, dry cows and heifers.

FarmBlend Cow Chow combines a total package of milk-making and condition-building nutrition with vitamin and mineral fortification. It also provides flexibility, because you can vary the amount to fit any roughage program and add other Purina rations and minerals for specific feeding needs. For example—to help correct fat depression, add PURINA HY-TEST STIMUPAK. To help increase the efficiency of your dry cow ration, add PURINA DRY-DRESS.

You'll find FarmBlend Cow Chow is convenient, too, because you can mix it with home-grown grains right on the farm. It's available in bag or bulk for easy handling and storing. And its low cost can mean better economy and increased profits in your entire dairy feeding program.

See your Purina dealer or salesman today for FarmBlend Cow Chow 44% and a complete line of quality chows. And be sure to ask for a complete Mixing Guide which gives the correct mixing ratios of FarmBlend Cow Chow 44% with all other grains.

## Tips

BE A COURTEOUS DRIVER...IT PAYS IN HAPPY WAYS

Be careful of people and property. Drive in populated areas only during the hours when you know people are up, not trying to sleep. When driving over someone else's land, be sure you have permission. Do not drive on seeded fields. Take care that gates are closed after you pass through them. Look out for livestock. Do not disturb game herds. Respect fences. Be careful with matches, campfires and cigarettes. Don't be a litterbug.

The February meeting of River Valley Women's Institute was held Thursday the 4th at the Centre with 17 members in attendance. Mrs. Philip Conley was hostess and welcomed the group as they arrived.

The president, Mrs. Roy Tucker, opened with The Ode and Mary Stewart Collect.

The Roll Call was a display of old post cards. These gave a graphic picture of what was available in the early days and were very interesting.

Mrs. Gerald Brooks read the minutes and corresponded with notes. Also a generous donation from Mr. and Mrs. Earl Morrow, who are unable to attend the card parties.

Mrs. J. L. Donohoe gave the financial statement and a detailed account of the recent banquet.

On motion \$35 will be forwarded for the Guelph officers conference and Mrs. George Grills will attend.

The convenors reports were given by Mrs. Glenn Bush of a Dairy Bar at Shamrock factory.

Mrs. Ernest Carr gave a report on the Centennial School tour on February 19th for a cruise through the Mediterranean region. Twenty-two students from the Stirling area are planning of the trip and Jane Bush of River Valley will be one of the group.

The public relations officer Mrs. Percy MacMullen displayed a large picture of Her Majesty Queen Elizabeth, the Queen Mother, when she officially opened the new buildings at Denmar College. Thirty years ago she was president of Sandringham Women's Institute and ever since

she has taken a deep interest in the progress of this great movement.

The A.C.W.W. convenor read a message from the Country women magazine written by Mrs. H. S. Kohat of Minnesota which stated that the County Fair Bureau Women entertained 34 American field service students and on four farms. The students had all spent the past school year in the state of Nebraska.

Mrs. Gerald Brooks gave a report on the 4 H Club work on the subject, "The Cereal Shells".

The March meeting hostess will be Mrs. Ed Kent and the program will be based on Historical Research. There will be seven card parties in February and March and a pot luck

supper for the River Valley community on Friday evening, February 19th at 6:45 p.m.

The pennies for friendship were gathered.

The president opened the program and read "The Ten Commandments of Homemaking" as published in the New Brunswick Home and Country. The secretary read a report of the 60th anniversary held in 1970 at Belleville and the poem composed for the occasion was read by Mrs. Roy Bush.

The resolution convenor, Mrs. Percy MacMullen, who is completing her sixth year term of office in this department, gave a very informative message on the subject. She outlined the correct procedure for drafting a resolution. She also summarized the main resolutions that were sustained at the provincial board

meeting and the 5th national convention of the Federated Women's Institutes of Canada. She also suggested roll calls, notices, papers and films that could be used for this department.

Mrs. Philip Conley conducted a song contest. The winner was Mrs. Charles Wilson.

A playlet pertaining to Century Village Women's Institute was presented in the living room of Mrs. Newton.

Evva Tucker, who had just returned home from a three day institute meeting at the Royal York, Toronto, and she was thrilled with the event.

Two enumerators Mrs. Ernest Carr and Mrs. James Board, came to the house and the hostess explained to them that the institute is the biggest organization of women in the whole world. There are over 76 countries who

are members of The Associated Country Women of the World. In February 1897 the first institute was organized at Stony Creek, Ontario, and now there are over 1400 branches in the province of Ontario.

The provincial board and the Federated Women's Institutes of Canada are all working for Home and Country.

At the close, one of the enumerators promised to attend the next institute meeting and see for herself what it was all about.

The meeting closed with the institute grace. The lunch committee served refreshments at a long table in the kitchen. After the social hour Mrs. Charles Wilson voiced thanks to all who had contributed to the success of the afternoon.

On Thursday of last week the first issue of Centennial's new newspaper was delivered to the school. "What's What", the present name of the paper, is printed at the Napanee Beaver at 10 cents a copy and sold for the same price in the school. A contest for a new name for the paper will be held for the next issue in March. Staff supervisor of the newspaper club is Miss Teicht of the English Department.

This past week, the school newspaper held the Miss What's What preliminary judging contest. Three contestants from each class will be in the final judging with prizes awarded to a Junior Queen (Grades 9 and 10) and a Senior Queen (Grades 11, 12 and 13). Judges were a panel of five students.

On Thursday, January 28, three entrants from Centennial were entered in the 1971 Belleville Snow Queen contest sponsored by the Kinettes. Contestants this year from

## CENTENNIAL REPORT

A report by Thom Reynolds from Centennial Secondary School, Palmer Road, Belleville

Centennial were Chris Cox, Averil Lindstrom and Elizabeth Prowse.

A theatrical production entitled "The Ugly Duckling" will be presented in the near future by the Centennial Drama Club. The club is supervised by Miss Arnott, the Theatre Arts teacher of Centennial.

Mediterranean '71

On Friday, February 19, 75 students and five teachers from Centennial will be leaving on a two-week Mediterranean cruise. The students will first tour the Toronto International Airport and then leave on a 200 seat jumbo jet for London, England. On arrival at London airport, students from Centennial will go on a special tour of London. On February 20, students will visit the southern portion of England as far east as Winchester in the morning and depart on board the Nevasa in the afternoon from Southampton along with 600 English students.

A day on board the ship begins at 7 a.m. Students attend three morning classes and three afternoon classes in classrooms on board the ship. Lessons are taught by their own teachers and assignments have already been given out. History students work on the history of the Mediterranean region and on other topics already given out. Geography students deal with Mediterranean climate and geographical regions while English students become Magellans or Drakes and keep a daily journal of the trip. Drawing the power hook-ups of the ship is the task of the Technical students on the cruise. The students also have time for private study on assignments. The ship's Director of Education and his assistants work with the teachers of the various schools on the cruise.

The ship has an assembly hall which holds 450 students with films and lectures on the visiting sites on the voyage. Schools on the trip also present interesting programs on their own region. Physical education on board the ship includes swimming, deck hockey, quoits and crab football. Eight sports in all are played by students while on the cruise. The ship holds its own church services for students and teachers on the cruise. The ship

tries to travel as close as possible to shore for observation and while passing a significant site, a commentary is run from the deck of the ship by a ship official. Evening entertainment includes dancing, movies, games and a special student performances. Dress on board is informal but students are expected to dress for evening meals and while on shore tours.

Local programs were produced by the students of Centennial to be shown to the British students on the cruise. Jim Follwell and Gordon Till this past weekend photographed from an aircraft, towns in the county from where Centennial students going on the cruise live. Centennial students are also taking a student-made film and the film "Ontario" made in 1967 to show the British students.

The normal run into the ports by the ship are smooth because the ship pulls in during the early morning hours. Names and passports of students have already been sent in advance to all ports, which speeds up the process of going through port officials. The students are drilled

on leaving the ship in 15 minutes to visit ports which saves them time. The visiting day is divided into two halves. Half of the day is for guided bus tours with local English speaking guides. The other half is for on foot tours in groups of five through shopping and other attractive areas in the cities. Students are thoroughly briefed on money changes in each port-of-call. The ship has its own bank with party leaders bringing money to the students for the day's visit. Bulgaria is the only exception where bargaining is not used, being state controlled under the Communist government, the prices are fixed.

Little concern is given for disease on the trip for all students from Centennial went through an extensive immunization program, supplied by the Hastings and Prince Edward Counties Health Unit. Sickness on board ship is handled by two doctors and two nurses in the ship's hospital. All students are covered by insurance while on the trip. The ship rates one appendix operation every 3 or 4 trips. There is no problem with sea sickness as the ship carries pills for such an illness.

The Centennial students leave Venice, Italy, on March 8 and fly to London and then arrive in Toronto at 7:15, still on March 8.

## Rebekah Lodge holds meeting

The regular meeting of Laurel Rebekah Lodge No. 211 was held in the I.O.O.F. Temple, Stirling, on Tuesday, January 26, with the Noble Grand, Sis. Kathleen McMullen, presiding. The members were welcomed and thanked for coming out on such a stormy night.

Sis. Madeline Walker, Vice Grand, reported that no one, to her knowledge, was ill. Bro. Charles Carter, P.N.G. of Stirling I.O.O.F., reported a needy case and this was left in the hands of the C. P. & T. Committee.

The members were reminded that a pot luck supper at 6:45 p.m. would be held prior to the meeting on February 23; the occasion being the official visit of the Rebekah Assembly President, Sis. Audrey Miller. She will be accompanied by the Assembly Conductor.

After the meeting closed, there was a staff practice under the direction of the Staff Captain, Sis. Patricia Merrill. Sis. Gladys Sine, P.N.G. was thanked for her delicious refreshments after the practice.

## Teaching staff total is 1,159

Hastings county has the equivalent of 1,159 teachers staffing its elementary and secondary schools.

The number of actual people filling teaching roles is slightly larger, because two part-time teachers each working 50 per cent of a school day count as one teacher.

In the secondary schools two "para-professionals" - people in professions such as nursing or technology who do instructional work - are counted as one teacher. The county board has three para-professionals on its staff.

There are 494.5 teaching positions now filled in the secondary schools and 659.8 in the elementary schools.

The board hired 7.9 more teachers this year than it originally intended to.

Teachers were hired last spring on the basis of the smallest expected enrolment. But 30 extra pupils turned up in Stirling in September and 60 extra enrolled in Sir Winston Churchill School in Belleville, making it necessary to take the additional teachers on staff.

## Ontario Gardener will speak at Loyalist

Bob Keith, widely known for his CBC program, "The Ontario Gardener", which he has been doing for the past 27 years, will deliver a series of lectures on gardening and horticulture at Loyalist College beginning February 22.

Mr. Keith will be giving a series of five two-hour lectures in the new Loyalist lecture theatre.

The area included in the series covers the entire range of gardening. It will deal with seed sowing, raising seedlings, propagation by various types of cuttings, in the house, in cold frames, greenhouses and under artificial light.

For those whose hobby interests run to flowers, Mr. Keith will lecture on the planning of a flower border or annuals using such flowers as

petunias, zinnias and asters and their culture and care from spring to fall. There will also be a discussion of tuberous begonias.

Rose culture will come in for some particular attention, with reference to the growing of them, different types, culture and varieties.

Old favourites will receive attention, too; peonies, iris, delphiniums and others; the growing of perennials; planning a border and the propagation and culture of various herbaceous perennials.

There will be a lecture on the planning and culture of the "kitchen garden", on how to produce fresh vegetables and fruits from one's own garden.

Mr. Keith is a graduate of Ontario Agricultural College where he specialized in horticulture and was on the staff of the horticultural department at OAC for four years. He spent a year in England as a student gardener at Kew Gardens. Mr. Keith has had 30 years experience in the seed and garden supply business.

In addition to his radio lecture series and the reputation he has achieved as a gardening personality, Mr. Keith spends his spare time looking after his own garden where he experiments with many new varieties of flowers and vegetables.

The lectures are on Monday nights from 8:00 to 10:00 p.m. and are offered through the Extension Division of Loyalist. The fee is \$10 for the series and the number is limited to 60.

### ETHEL MAUDE PEAKE

Ethel Maude Peake of Springbrook died Tuesday, Feb. 2 at the Hastings Manor in Belleville. Miss Peake, who was in her 87th year, was born in Moira and was the daughter of the late Thomas and Hannah Peake.

She had spent the past seven years in Springbrook and was an active member in the Springbrook United Church. Service was conducted by Rev. W.C. Cox Wednesday at 3:30 at the Hogle Funeral Home. Entombment was at the Stirling Cemetery vault and interment later at Mont Nebo Cemetery.

### Road budget is discussed

Council outlined some road improvements planned for 1971 at Monday night's meeting. It was noted that the following streets were ready for paving: St. James Street, Annis Street, part of Baker Street, part of Rodger's Drive.

The village of Stirling spends in the area of \$5,000 per year for paving, and usually about \$1,500 per year for sidewalks. Council estimated this year's expenditure for bridges and culverts to be about \$1,500.

On request from residents of Annis Street, council passed a motion to request the Public Utilities Commission to install a street light in front of the home of John L. Good.

### Merrie Bowlers

## High school credit system to be standardized in 1971

In a move to integrate the entire secondary school program leading to the secondary school honor graduation diploma, and at the same time uphold the high degree of academic proficiency maintained in the past, Minister of Education William G. Davis has announced the standardization of the secondary school credit system.

### MRS. CLARENCE FITCHETT

Mabel Kathleen Fitchett, a lifetime resident of Madoc Junction died suddenly at her home Sunday, January 31.

Mrs. Fitchett, the daughter of the late Mr. and Mrs. Albert Eggleton, is survived by her husband, Clarence D. Fitchett. She is also survived by a daughter, Mrs. Maurice (Rosella) Clancy, and a grandson, Lloyd G. Clancy.

She was predeceased by two brothers, Thomas and Percy Eggleton.

She was a housewife and was active in the former Eggleton United Church. She also participated actively in LOBA No. 655 and was the lady director of the agricultural association. For many years, she was the Stirling News-Argus correspondent for Madoc Junction.

Service was conducted by Rev. J. Bruce Small at the Hogle Funeral Home in Stirling today at 1:30 p.m. Interment was in Eggleton Cemetery.

## Accountants hear speaker

Wilfrid Wilkinson, C.A., who operates his own firm in Trenton, addressed the Quinte Chapter of the Society of Industrial Accountants on "The White Paper". He discussed some of the problems which are created in particular for small businesses and individuals and some of the alternative solutions that have been suggested. After an interesting question period, Don Irvine, R.I.A., of Federal Excise Tax Office thanked the speaker.

The chairman advised that R. A. Pattison, R.I.A., provincial president of the Society of Industrial Accountants, will address the members on "The R.I.A. - Action Central" and that this meeting on February 15, 1971, will be a special Students Night.

The change, to become effective in September, will make the credit definition as it applies to grade 13 consistent with that now being used for grades 9 to 12.

Stressing the change by no means constitutes a lowering of grade 13 requirements, Mr. Davis said the plan will completely integrate the secondary school system, allowing each student to attain the maximum of his potential at the pace best suited to him.

Mr. Davis suggested that the new regulations will lead to greater use of school plant facilities, in that they will encourage students to attend summer courses where credits under the new system will apply toward honour graduation diplomas.

Under the new system, a Secondary School Honor Graduation Diploma will be issued upon the successful completion of six credits as defined under the new credit system, which is equivalent to seven credits under the old standards.

"Under the new arrangement a credit in any subject is earned for the successful completion of a course containing work that normally would be completed after 110 to 120 hours of scheduled time. The majority of grade 13 students are now scheduled in class for a period of time which is equal to that required for six credits under the new system. The new system will not constitute a reduction in

their workload—in fact, for many students, the new system will mean additional work," Mr. Davis said.

Mr. Davis said a memorandum outlining the change has been mailed to school officials.

## CARDS OF THANKS

WORDS ARE INADEQUATE TO express our heartfelt appreciation to neighbors, friends and relatives, for your many acts of loving thoughtfulness, strengthening prayers, cards and letters of sympathy, floral tributes and memorials to the Heart Fund. We wish also to convey thanks to the Eggleston Sunshine Club, Stirling LOBA, St. Paul's UCV and the Stirling Agricultural Society.

Sincere thanks to our minister, Rev. J. Bruce Small for his message of reassurance and to the Hogle Funeral Home for their efficient service. Your expressions of sympathy have given comfort at a time when we lost a dear wife, mother and grandmother.

May God be near each of you. Clarence Fitchett, Rosella, Maurice and Lloyd Clancy. 6-1

I WOULD LIKE TO THANK ANYONE who helped me in any way at the time of my accident at Stirling arena on Sunday, Jan. 31. Sincerely, Mrs. Doreen Wickens. 6-1

WE WOULD LIKE TO EXPRESS our heartfelt thanks to the people of Stirling and vicinity, friends and relatives for their many acts of kindness, messages of sympathy, floral tributes and prayers during our recent bereavement in the loss of a dear husband and father Jan Willem, Betty, Amy and Angela Lutgen-dorf. 6-1

WE WOULD LIKE TO EXTEND our warm and sincere thanks to all of you who remembered us on our 50th anniversary. The cards are beautiful and the gifts just lovely. It's so nice to be remembered. Especially thanks to the Springbrook U.C.W. for the lovely meal and family for arranging the day for us. Mr. and Mrs. Orrie Barton. 6-1

## IN MEMORIAM

MCCRORY In loving memory of my dear wife, Myrtle, who passed away 2 years ago, Feb. 10, 1969.

If I had seen you at the last And held your dying hand, And heard the last sigh from your heart I would not have felt so bad, I did not know the pain you had Nor did I see you die, I only know you went away. And could not say goodbye. I mourn for you in silence, So no one could see me weep But many silent tears I shed While others are asleep. —Sadly missed by husband Andy and son Alan. 6-1

MCCRORY In loving memory of a dear mother and grandmother, Myrtle, who passed away Feb. 10, 1969. What we would give if we could say, Hello Mom, in the same old way. To hear your voice, and see you smile, To sit with you and chat a while. So you who have a mother Cherish her with care, For you'll never know the heartache. Till you see her vacant chair. Sadly missed by daughter Ruth, son-in-law Eugene, grandchildren, Larry, Carol and Gene. 6-1

## Mount Pleasant

(By Mrs. Percy MacMullen)  
On Saturday evening, February 6th, the February group of the United Church Women catered for the annual banquet of the West

Huntington Presbyterian Adult Club and their families. The buffet supper was served in the church hall to approximately 40 people.

On Wednesday evening, February 3rd the 4 H Girls Club convened at the home of Mrs. Robert H. Hoard for the first meeting of their new project "The

Cereal Shelf". Mrs. George Grillis is the assistant leader. The group have chosen the name "Krispie Kritters".

The past week has been very cold following a January thaw on Monday, the 25th. A blizzard of drifting snow and below zero weather arrived on Tuesday evening and early Wednesday, the 27th. By Thursday, more snow and cold weather covered the area. Thermometers registered anywhere from 25 to 30 below on Sunday morning, January 31. A record of cold weather for 1971.

The White family telephoned the home of their brother, Mr. and Mrs. Percy White, who reside at Granton, Ontario, 15 miles from London. Percy and Helen, who both are employed in London, had to remain in the city for a few days as the roads were impassable. Their son, Neil White, was one of 4,000 students who remained overnight in various isolated schools. On Wednesday, January 27, Neil was able to return to his home in Granton via snowmobile.

Due to the heavy snow storm Friday evening, there was no rural mail delivery for R.R. 3, Stirling, on Saturday, January 30.

Mount Pleasant U.C.W. catered Monday evening, February 1, at the Hickson Sales barn at Hoards.

Mr. and Mrs. Kenneth Smith, Guelph, visited his parents, Mr. and Mrs. Herbert Smith and other relatives over the weekend. Mr. and Mrs. Ralph Jeffs and Mr. and Mrs. Garth Joslin spent Friday in Toronto.

Several men spent a day in Toronto and attended the display of machinery held at the coliseum of the C.N.E. from Wednesday to Saturday.

Mr. Jack Wrightman, Trenton, and his son Maurice Wrightman, Toronto, visited at the home of his brother, Mr. and Mrs. Milford Wrightman on Saturday.

On Wednesday, February 10th, the U.C.W. are sponsoring a pot luck dinner at 12:00 o'clock noon at the church hall. Everyone in the community is welcome to attend. Bring dishes, cutlery and food. The regular monthly meeting will be held at 1:30 p.m. that afternoon.

## University women hold meeting

The Canadian Federation of University Women of Belleville and District had as their guest speaker Gerald Boyce, who spoke on the early education of women in Ontario up to 1870.

Education was divided into three periods: pioneer to 1840; 1840 to 1850, an organizational period; and 1850 to 1860, a transitional period.

In 1840, one half of the people in Hastings County were under the age of sixteen. Very few girls were admitted to school in the early days. In 1829, only 25 girls were in high school in Ontario.

In 1834, William Hutton, the first superintendent of schools in Hastings County wrote of the girls:

"The ladies are princesses in their dress, but I don't think much of their minds from what I have seen."

There were four private schools for girls operating in 1850 in Hastings County. One advertisement in the paper read: Private seminary for young ladies, board, 30 pounds a year; 5 pounds extra for music or drawing; 4 pounds less if French were included. Enrollment not to exceed 6.

In 1840, Ryerson, the chief superintendent of Education for Ontario, suggested that small

sums of money be given to elementary school teachers in the form of grants. This would exclude aliens and females; annual reports were introduced in the year 1842. By 1846, all schools were rated. To qualify as an elementary school teacher, only three questions in grammar and spelling were asked.

Fees were discontinued in 1850. Attendance increased by about 100 per cent. Often one teacher had as many as 150

students. Salaries were about 60 pounds a year.

The school consisted of one large room with a recitation room for small groups. Boys and girls were separated. Salaries and gratuities for men were twice those for women.

The grants depended on daily attendance of students. Therefore a daily record was kept. To receive a larger grant, girls were sometimes required to take Latin. In 1860, Ryerson

considered two girls to be equivalent to one boy for grants. In 1868-69, girls were refused grants altogether. Separate schools for girls were tried for one year, but this was not a financial success, so the girls returned to school with the boys. In 1871, Ryerson abolished Grammar Schools and changed the names to High Schools and Collegiate Institutes. The number of women teachers increased.

BIG CRANE IN ACTION

Large precast concrete slabs, which will form the exterior wall of the new Bank of Montreal building, in Stirling,

were hoisted into position last week. The outer wall of the eight-sided structure will have a rough texture, com-

posed of small stones in cement. The building is to be ready for occupancy some time in the spring.

## Newsmen tour facilities at community college

Loyalist College, the first post secondary institution in the Quinte area, currently has an enrolment of more than 1,600 in the various courses it offers.

Newsmen who toured the college facilities last Thursday, at the invitation of the board of governors, learned that the day students attending the community college represent only about 30 per cent of the total student population.

College president H. Young revealed that day students number 480, persons enrolled in extension courses number 540, those in retraining courses total 540 and apprenticeship courses

account for another 37.

Seventy-seven per cent of the student body come from the four counties served by the college—Northumberland, Hastings, Prince Edward and Lennox and Addington. The other 23 per cent are from various other parts of Ontario and Canada.

Mr. Young said the average age of the day students is 20.5 years. Eighty per cent have passed Grade 12 and 10 per cent have finished Grade 13, he said.

As an indication of the background of the day students, Mr. Young told the newsmen that 81 per cent have parents en-

gaged in labor or clerical occupations, 12 per cent are from farms and six per cent are of parents engaged in administrative work.

Loyalist is a paradise for male-seeking girls. In day classes, there are five boys for every girl.

Eight per cent of the day student body are married.

Newsmen or editors from newspapers in Stirling, Trenton, Picton, Napanee, Kingston, Deseronto, and Tweed, and radio stations in Belleville and Cobourg were welcomed to the college by Mr. Young and D. R. Fraser, assistant to the president.

The afternoon program involved tours of both the temporary and the first permanent buildings on campus. Newsmen were invited into the data processing section, the reading laboratory, a chemistry laboratory, the environmental science laboratory, the civil engineering laboratory, the mathematics laboratory, and the communications arts areas which included photography, television, radio and journalism.

Following the tour, refreshments and dinner was served at the Sun Luck Gardens where the newsmen were joined by several members of the college board of governors.

At the conclusion of the dinner, a question and answer period was held with a frank discussion taking place concerning various aspects of the operation of the college.

A motion of thanks to the board, for the hospitality shown, was given by Lindsey B. Calnan, editor of the Picton Gazette.

Mr. and Mrs. Stevenson (nee Estella Fleming) were united in

marriage in the Methodist Church

parsonage at Tweed by Rev. White.

They farmed in Thurlow township for many years until moving to Stirling in 1943. They operated a ladies wear shop until two years ago.

They had two daughters, Mrs. Clarke (Mae) Rodgers, Stirling, and the late Mrs. Sheldon (Eva) Calver. There are four grandchildren and nine great grandchildren.

In addition to the callers from Stirling and surrounding area, Sunday's guests came from Toronto, Peterborough and Belleville.

Mr. and Mrs. Stevenson reside at 32 Gore St.

## Hogle Funeral Home as a new fire hall?

If the village council is unable to have the assessment lowered on his property, funeral director G. H. Hogle, at Monday night's council meeting, suggested council take over the property and develop it into a nursing home, a nursery school or a firehall.

Reeve Robert Anderson replied that council had no intention of taking the latter action and was powerless to realize the former. When Mr. Hogle suggested that council come up and assess the property on James Street, Reeve Anderson replied that no one on council was qualified to make an assessment for the purpose of appeal.

### Licence plate deadline February 27

More Ontario drivers are trying to avoid the last minute line-ups for new motor vehicle licence plates this year. The Ontario Department of Transport reports that, by the end of January 31.1 per cent of the 1971 plates had been issued, compared with only 25.5 per cent of the total at the same time last year.

At Stirling, the motor vehicle licence bureau reports the sale of 490 sets of plates to Feb. 12—up from 424 on the same date last year.

Total 211,731 sets of markers were sold from Dec. 1, 1969 to Feb. 28, 1970. This indicates that the Stirling bureau will have to sell about 1,250 more sets before the end of this month.

Deadline for driving with 1970 plates is midnight, Saturday, February 27, a day earlier than last year. Driving with 1970 plates will be illegal on Sunday, February 28.

The 1971 plates for passenger cars, station wagons and motorcycles have been on sale at all issuing offices throughout Ontario since December 1, 1970. Registration fees for 1971 plates are the same as last year: \$35 for eight-cylinder passenger cars and dual purpose vehicles, \$27.50 for six cylinder vehicles, and \$20 for four cylinder vehicles. The fee for motorcycles is \$10.

The sale of motor vehicle plates have lagged, snowmobile plates have sold briskly. To Feb. 12, 403 sets had been purchased at Stirling. These plates will be good for two years.

### PARTNERS IN ACTION

The week of February 21-27 is Scout-Guide Week in Canada and the period will not pass without an observance of last year's Trans Canada Truss seminar at St. Andrew's Presbyterian Church at 11 a.m. Boys and girls planning to attend are asked to assemble at the Stirling Fire Hall at 10:30 a.m. They will then march along Front and Mill Sts. to the church.

While there, Mr. Loucks and Mr. Johnson of Stirling PL Building Centre, spent Feb. 8, 10 and 12 attending the annual Trans Canada Truss seminar at the Skyline Hotel, Ottawa.

Between 75 and 80 persons from across Canada as well as from Great Britain and France were in attendance.

The seminar is held yearly for Trans Canada Truss franchised dealers.

While there, Mr. Loucks and Mr. Johnson sat in on a lecture series concerning the building of trusses and toured the company's large plant in Ottawa.

This week, Mr. and Mrs. Loucks are attending the annual convention of the Ontario Retail Lumber Dealers Association Inc., being held at the Royal York Hotel, Toronto. The three-day convention began on Monday.

Mr. Loucks is a former director of the association.

In the discussion, which lasted for almost an hour, it was suggested several times to Mr. Hogle that he hire qualified assessors in order to get assessments to take before the Ontario Municipal Board. Each time, when Mr. Hogle replied that assessors' rates were too high, Reeve Anderson said that he thought council could recommend little else.

### Freak mishap on North St.

Property damage was estimated at between \$200 and \$300 in a freak accident on North St. Friday afternoon.

A sheet of ice, estimated to be four by eight feet and 10 inches thick, fell from the roof of the home of Elvillie Wannamaker onto the roof of a parked car owned by Earl Horton, R.R. 2, Holloway.

The weight of the ice smashed the rear window of the car and caved in the roof.

Fortunately, no one was in the car when the mishap occurred. The same day, a chunk of ice fell off the roof of the Odd Fellows Hall and crashed through a door at the home of Bernard Farrell.

### Chief requests hydrant markers

Chief Graham Mouck of the Stirling Volunteer Fire Department appeared before council at Monday night's meeting to discuss one hazard of excess snowfall.

Chief Mouck told council that at the time of the meeting, there were a number of fire hydrants in the village that were completely hidden from view by mounds of snow.

He suggested the placement of wooden poles at each hydrant location, each pole to carry a fluorescent flag that would be easily visible above a mound of snow. Thus, if the fire department arrived at the scene of a fire after a heavy snowfall, they would be able to locate the nearest hydrant immediately and clear the snow away with shovels or a high-pressure blast of water from the fire truck, which carries 500 gallons.

### Educational levy dates

A letter containing a schedule of dates and per centage of payments for installments of this year's educational levy was read at Monday night's council meeting. The letter, from Eric Runaracres, Director of Education for the Hastings County Board of Education, outlined the following:

\*50% on June 30, 1971.

\*25% on September 30, 1971.

\*25% on December 30, 1971.

Council was informed through the letter that the amount of the tax levy would be known by March 1, 1971. Clerk W. L. Pollock mentioned that when last year's payment was made early, there was a discount in excess of \$100.

Other good games were Steve Benson 187; Barbara Hoyt, 146 and Bill Seeley 165 and 130.

Evergreen denies charges

The owners of Evergreen Cheese Factory east of Stirling have denied a statement contained in the Lower Trent Region Conservation report.

Mrs. Ernest Reid told The News-Argus the authors of the report were in error when they claimed to have observed the dumping of whey from their factory from a tank into the adjacent field and stream.

She said all wastes from the factory are pumped three-quarters of a mile to two lagoons located on a 200-acre farm which they purchased for the purpose. This disposal system received the approval of the Ontario Water Resources Commission as early as 1966 and passed a further inspection by the Department of Health in 1967.

Whoever the survey team saw dumping whey into a stream was not from Evergreen, she stated emphatically.

PL Firm Sells Out To Cashway

Peterborough Lumber Co. Ltd., owners of lumberyards and building supply centres in Peterborough, Stirling, Frankford, Campbellford, Port Hope and Lakefield, will be taken over at the end of March by Larkin Lumber Co., also known as Cashway Lumber Co.

The sale was announced last week by Jack Haldimand, president of Peterborough Lumber.

## Couple mark 65th wedding anniversary

One hundred and eight persons signed the guest book Sunday afternoon during a celebration at St. Andrew's Church in honor of Mr. and Mrs. Arthur Stevenson who were marking their 65th wedding anniversary.

In addition to cards and gifts from friends and relatives, Mr. and Mrs. Stevenson received congratulatory messages from Her Majesty Queen Elizabeth II, Prime Minister Pierre Trudeau, Opposition Leader Robert Stanfield, Premier John Roberts, George Hees, MP for Prince Edward-Hastings, and Clarke Rollins, MLA for Quinte.

Mr. and Mrs. Stevenson (nee Estella Fleming) were united in

marriage in the Methodist Church parsonage at Tweed by Rev. White.

## Senior citizen marks his 86th

The Senior Citizens of Stirling and community are very thankful that Stirling A F and A M No. 69 have provided us with a club room since we were chartered a few years ago. It has now been nicely redecorated and we are happy that we are privileged to have taken a small part in this project.

On Thursday over 55 were present to help two of our very respected members celebrate their birthday anniversaries. George McMullen, who is 86 and our President Fred Heasman. They both have one thing in common. (They both have young ideas.)

Their families presented them with lovely birthday cakes and served, as well, a lovely lunch. Fred and George voiced their thanks. The president said that nearly everybody was related to George and they were all present including the in-laws and out-laws.

Next week be on time, 2 p.m., and bring a quarter as we will be playing progressive euchre. The program committee are providing nice prizes.

Computers play a big part in the operation of modern thermal-electric generating stations. Pickering nuclear station, slated to begin operation this year, will have eight computers controlling the operation of its four units. Ontario Hydro's assets, which reached more than \$4 1/2 bil-

lion in 1970, are expected to double during this decade.

In 1970, for the first time in Ontario Hydro's history, the capacity of thermal stations, both coal-fired and nuclear, exceeded that of hydro-electric plants.

## Paradise at Home

With unisex on the upswing, it is surprising that men still seem to prefer the feminine woman, but they sure do!

The old cliché that the way to a man's heart is through his stomach, still stands true. Today even the career girl can work her feminine charms in the kitchen. It's easy to impress that "someone" with a Paradise Cake - your baker does most of the work.

On the way home buy one round chiffon cake or angel cake. While your marinated rump roast or your stuffed flank steak is cooking, make your frosting and ice the chiffon cake. To achieve the Paradise look gently press shredded coconut into the soft frosting and garnish with peach slices. For added effect, colour your frosting.

Although many try to deny it, femininity is still an important attribute of a woman. Remember in Canada you and your baker can perform miracles.

## Peach Paradise Dessert

1/2 pint heavy cream  
3 tablespoons icing sugar  
1/4 teaspoon vanilla  
1 large baker's chiffon cake  
1 (28 oz.) can sliced peaches, drained  
1 cup toasted, shredded coconut  
Whip cream and fold in sugar and vanilla. Cut cake in half, horizontally. Cube 3/4 cup of the sliced peaches. Spread some whipped cream and the cubed peaches evenly between the cake layers. Spread the remainder of the cream over top and sides of the cake. Arrange sliced peaches in a swirl pattern on the cake top. Sprinkle toasted coconut around sides of the dessert. Refrigerate before serving. Yield: 12 to 16 servings.

## More winter weather here

Stirling has returned to near normalcy today after digging out from the worst storm of the winter which struck the Quinte area Saturday night.

weeks with Mr. and Mrs. Douglas McIntosh, and family, former residents of Stirling. During their stay Mrs. Douglas McIntosh was confined to Joseph Brant Hospital in Burlington for a time.

Presqu'ile Provincial Park is a productive location for summer bird watchers, but the winter months can be equally rewarding.

For the last five years, during the Christmas Season, a bird census has been conducted in the Presqu'ile area. This year's count, held on New Year's Day, included the whole of the park and some of the surrounding area, including Brighton, Carrying Place and Weller Bay. The best area for the birds, however, is in the park itself, as the shallow waters around the point attract many different varieties of ducks and other water birds.

More than 82 different species have been recorded on the Presqu'ile counts over the past

five years, with the highest tally of 59 species recorded in 1967. Many interesting birds have been seen over the years, but the most outstanding was an Ivory Gull on the 1966 census. This bird is normally found along the edge

of ice floes in northern Canada and its last sighting constitutes the sixth record of its appearance in Southern Ontario. The count of a year ago had 49 species recorded with a grand total of 8,728 birds.

## St. James CWL meets

The February meeting of St. James Catholic Women's League was held at the home of Mr. and Mrs. Jack Doran and commenced with Mass celebrated by Rev. J. McGarvey.

Mrs. LaChapelle gave a report on a recent diocesan executive meeting. Also received was the Ontario Provincial Council Annual Report.

Mrs. Stan Meeks was named local Convenor for the Organization for Development and Peace.

Final arrangements were made for the barn sale this week. Members were asked to cooperate in catering to a Boy Scout Father and Son Dinner on February 22.

Mrs. John Ryan was present after a long absence due to surgery, and in her usual humorous fashion, gave a short reading on Judgement Day.

At the close of the meeting, the hostess and Mrs. Courneyea served a lovely lunch, which was contributed by Mrs. Burley, who was unable to attend.

## Incentive for Tweed firm

Jean Marchand, Minister of Regional Economic Expansion, has announced that the M. S. Oatman company of Tweed, will receive an incentive to assist in the construction of a pallet lumber and pulp chips plant at Bancroft which will create an estimated 20 new jobs.

The incentive of approximately \$148,000 is based on a rate of 18 per cent of the approved capital costs, estimated at \$465,000, plus \$3,250 per job created. Construction is already underway.

The incentive to the company is being made under the Government Organization Act, 1969. Bancroft is within the Pembroke-Arnprior-Renfrew "special area" designated under the legislation.

## HOW TO BUY YOUR TURKEY

Derive a weight you need based on 1 1/2 lbs. per person. This gives you good first and second day servings plus extra for snacks and second day servings.

## HOW TO ROAST

OPEN PAN - Place turkey breast-side up on a rack in an open pan. Spoon melted fat of a cover turkey. Cover turkey lightly with aluminum foil. When almost done, remove foil, and allow few minutes for browning if desired.

COVERED PAN - Place turkey breast-side up on a rack in pan. Add no water. Cover pan. If bird is not sufficiently brown at end of roasting time, remove cover and continue roasting for 15 minutes or until brown.

NOTE: Use dark enameled roaster. Increase cooking time for shiny pan.

## APPROXIMATE ROASTING TIME

5 to 10 lbs. in uncovered pan 3 1/2 to 4 hrs. at 325 degrees F.  
5 to 10 lbs. in covered pan 2 to 3 hrs.

## TEST FOR DONENESS

1. With thumb and forefinger, pinch thickest portion of drumstick. Meat should feel soft. If drumstick swivels freely when twisted your turkey is done to perfection.  
2. Insert meat thermometer in thigh muscle next to body cavity. Temperature should be 185 - 190 degrees F.

## LEFTOVERS

Leftover turkey may be refrigerated whole or stripped from bones. When cooled, turkey, stuffing and gravy should be covered. Try turkey in casseroles, salads or soups.

## Just the facts, please

It is becoming increasingly evident that people who prepared the recently released report to the Lower Trent Region Conservation Authority did so with a minimum of research. In their zeal to single out offenders, particularly in the area of water pollution, the authors of the report seem to have overstepped the mark on occasion.

Evergreen Cheese Factory, for instance, is said to have been observed dumping whey from a tank into an adjacent field and stream—strictly against the rules.

Yet the owners of the factory deny vehemently that such a thing ever occurred and they have documents from both the Ontario Water Resources Commission and the Department of Health dating back as far as 1966, approving the factory's waste disposal system.

Every thinking person is behind the government's efforts to clean up our environment. But apparent errors, which at the very least are embarrassing, do nothing to instill confidence in the report or the people who prepared it.

The report has been attacked, not only at Stirling but in other places, including Trenton. No one is objecting to the fact that pollution must be eliminated, but factual errors in a report of this type tend to make the public skeptical of the whole business.

## Reid-Heath Wedding

Grace Chapel, Stirling was the scene of the recent wedding ceremony when Judy Dianne Heath, daughter of Mr. and Mrs. Clifford Heath, Stirling RR 2 was united in marriage to Gary Ernest Reid, son of Mr. and Mrs. Ernest Reid, also of Stirling RR 2. Officiating at the ceremony was Mr. Gary Robinson, while the organist was Mrs. Lois Reid who also accompanied the soloist Miss Jennifer Jaynes, cousin of the bride, in several appropriate renditions.

The bride, given in marriage by her father, wore a floor-length gown of crystal peau with the bodice featuring a wedding band collar and bell lace sleeves accented with bows of crystal peau as was the chantilly lace chapel train. A floor length veil extended the matching lace headpiece which was embroidered with seed pearls. She carried a cascade bouquet of yellow sweetheart roses.

As maid of honor, Miss Ruth Hagerman, Stirling RR 1 wore a gown of deep green velvet featuring a nylon chiffon bodice with the full sleeves with tight cuffs and ruffles trimmed with yellow and orange daisies as were the neckline and empire waistline. She carried a bouquet of white carnations and yellow sweetheart roses. Bridesmaids, Mrs. Kathy Reid, sister-in-law of the bridegroom and Mrs. Deborah Heath, sister-in-law of the bride and Miss Joanne Heath, sister of the bride were attired identically to the maid of honor and carried identical bouquets. Flower girl was Miss Joyce Christine Heath, sister of the bride who wore a white lace pantsuit with green velvet trim.

Attending the bridegroom was Christopher Brown, Hoard's Station, while ushering the guests were Ronald Reid, brother of the

bridegroom, Bill Heath, brother of the bride and Ronald Heath, brother of the bride, Bradley Gay, cousin of the bride was ring-bearer and carried the rings on a white satin heart-shaped pillow.

A reception was held in the IOOF Hall at Stirling where the bride's mother welcomed the guests wearing a silver gray coat dress with matching accessories and a corsage of red roses. Assisting the bridegroom's mother were a pale green dress with beige accessories and a corsage of yellow roses.

Leaving on a wedding trip to points in Northern United States, the bride donned a long-sleeved beige dress and suede coat, blue accessories and a corsage of white gardenias.

The couple will reside at Stirling RR 2.

Previous to her recent marriage, Mrs. Gary Reid (nee Judy Heath) was honored at miscellaneous showers given by the bride's aunt Mrs. Clarence Jaynes of Foxboro; at the home of Mrs. Lorne Hagerman, RR 1, Stirling, with hostess Miss Ruth Hagerman, and another by Dianne Vandevoren in Belleville. Mrs. Grant Stapley of Stirling, RR 2 entertained at a kitchen shower. A rehearsal party was given by the bridegroom's parents.

### A FORUM ABOUT MATURE WOMEN

#### COUPLES FIND NEW HOPE

By Frieda Kay

Roxbury, Conn. (MW) — Sex is the prerogative of the mature as well as the young, although both groups may have some trouble acknowledging it. This is the view of writer Jhan Robbins, who says "Sex is a nice three-letter word that belongs to the 50 or 55 year old woman as much as it does to the 21 year old girl."

Robbins is co-author of "An Analysis of Human Sexual Inadequacy," a book based on the recent findings of the Masters and Johnson research clinic in St. Louis, Missouri.

"Many women," Mr. Robbins says, "think the whole sexual process must stop when they reach menopause." Yet, he points out, Dr. William Masters and other authorities have noted that there need not be a loss of sexual responsiveness at this age. On the contrary, research in this area has revealed that the sexual drive in older women may become intensified rather than diminished.

#### Health, A Factor

Some women in this age group, however, according to Dr. Masters, have a number of menopausal symptoms which can interfere with their sense of well-being. These include hot and cold flushes, emotional instability, headaches, spinal aches and "tired feeling." Such symptoms can be eased, he believes, with hormone replacement therapy under the supervision of a physician. The Masters and Johnson findings also reveal that such hormonal replacement "may help women return to a more active sex interest."

Commenting on these findings, Mr. Robbins notes there is no reason why married couples in reasonably good

health who are in their fifties, sixties or even the "late, late years" should not continue their sex life. But, he says, social disapproval by the young sometimes gets in the way. Too often we have "embarrassed laughs" when we think of mother and father or grandmother and grandfather having sexual relations. "We feel it's all right for us," he comments wryly, "but not for them."

#### Back From the Brink

Mr. Robbins reports that a number of mature couples who sought help at the Masters and Johnson clinic in St. Louis "had just about given up hope of having an adequate sex life, believing that nothing could be done for them." Some, he states, were on the verge of divorce. After treatment, though, many became more optimistic about their personal lives. One woman, Mr. Robbins notes, soon realized she could be a good sexual partner although she had feared about this before.

"She had believed that sex was no longer her prerogative, that it just couldn't happen. When she realized that it could, she became a changed woman," he said.

Citing a quotation from his book, Mr. Robbins concluded: "There is more delight in sex for a couple who have learned it from each other, as there is more delight in the cello for someone who has learned to play it."

His wife, June Robbins, is co-author of "An Analysis of Human Sexual Inadequacy" published by Signet Books.

The average cost of electricity to Ontario's residential municipal customers in 1970 was the same as that in 1958, 1.3 cents a kilowatt-hour.

## Emphasizes eye care

Blind people see the importance of eye care better than the sighted. That's the opinion of Miss Patricia Baverstock, a blind person herself and President of the Belleville White Cane Club, The Canadian Council of the Blind. In a special interview for White Cane Week which CCB and The Canadian National Institute for the Blind sponsor annually, the club president pointed out that accidents are high on the list of causes of blindness in Canada and thousands of needless eye injuries are sustained every year.

"Accidents are so common," she said, "that CNIB has devised a special award for those who prevent an eye injury around the house or anywhere else where eye injuries can occur."

She told about one man who won his award at a hockey game. Seated at rink side, he was intent on the game until two players began exchanging blows over his head. One of their sticks broke his glasses, which were made in safety lenses. His eyes were unharmed. Another man was involved in an auto accident. When he woke up two hours later in a hospital bed, his head was in bandages, his doctor explained that the thing that saved his eyes from destruction were his safety glasses. They had been found in the demolished car, one lens still intact, the other shattered.

When a plant safety engineer had the good sense to have his son's glasses made in safety lenses, he did not know that his action would save his son's sight. The boy was playing in the school yard when he fell and broke the frame of his glasses on both sides, top front, just inside the metal hinge. This type of break would have broken ordinary glass lenses. If the lenses had shattered, this youngster would have

received glass slivers in his eyes and would have been blinded for life.

"Eye accidents happen anywhere," the CCB spokesman said, "and always when you least expect them."

## Spring Brook U.C.W.

Mrs. Delbert Fleming and Mrs. Reg. McKeown were hostesses for a pot luck dinner sponsored by the Springbrook U.C.W. on their regular meeting day, with an attendance of 30.

At 2 o'clock, Mrs. Lorne Bailey, the president, opened the meeting with a poem, and welcomed all the ladies present. Mrs. Cox installed Mrs. Ralph Wellman as the new secretary.

The meeting was handed over to Mrs. George Williams and her committee. The worship period consisted of "God's Word and Ours," and a prayer by Mrs. Ken Thompson. The hymn "In Christ there is no East or West" was sung.

Mrs. Gerald McFaul read the scripture. Mrs. Murney Bateman offered prayer. Mrs. Williams gave the topic, the first part of the Mission Study on "The Americas," illustrated with a map and made the members feel familiar with their way of life and products. She closed this part of the meeting with a choral benediction.

The roll call, "An American Country," was well responded to. Mrs. R. Wellman read the minutes and the business was dealt with. Mrs. Murney Mason gave the treasurer's report.

The president thanked Mrs. Bill McKeown and her committee for preparing and printing the program for 1971.

Mrs. Seymour, a former minister's wife, favoured with a poem "Spring" and a solo, "Have Faith in God."

The committee chairmen gave their reports. Delegates were chosen for Presbyterian U.C.W. meeting to be held in Tabernacle Church, Belleville. Mrs. Murney Mason thanked the ladies for all they had done for Miss Peake, a past member. Mrs. Barton thanked the ladies for the part they played in helping them to celebrate their 50th wedding anniversary. Mrs. G. Thompson and Mrs. Ed Bateman as the visiting committee for January.

The president closed the meeting with the benediction.

## Graduates as auctioneer

John J. Ryan, RR 1, Bloomfield, has just returned from Kansas City, Missouri, U.S.A., where he successfully completed the course in Auctioneering and Auction Sale Management at the Missouri Auction School.

He received his diploma and the honorary title of Colonel along with men and women auctioneers from throughout the United States and Canada.

Col. Ryan was born in Belleville and moved to his present address two years ago. He is married and the father of three boys. He attended the Stirling High School. He is self employed as a farmer.

## Rylstone WI holds meeting

Rylstone Women's Institute held its February meeting in the W. 1. Hall on Wednesday, February 3. Mrs. Ernest Rowe and Mrs. Alice Brunton were hostesses and there was an attendance of 10 ladies.

Vice-president, Mrs. Ernest Rowe, was in the chair in the absence of the president. The

Institute Ode and creed opened the meeting and the roll call was answered by "A Forecast For the Future."

There was some discussion on having a card party later, in aid of Campbellford Memorial Hospital. Mrs. Paul McKeown was chosen to attend the conference in Guelph.

Mrs. Gerald Barnum, convenor for "Resolutions" was in charge of the program.

The origin of the Women's Institute and highlights of the Institute Hand Book was discussed by Mrs. Ernest Irwin. She spoke of Mrs. Adelaide Hoodless, founder of the Institute, and how she, as did one of Rylstone W.I.'s founders, Mrs. Herbert Spencer, died at the early age of 52. She spoke of the aims of the Institute and urged all to back up the officers who were chosen to head the association.

Violin solos, "Let Me Call You Sweetheart," "My Little Girl," and "Old Gray Bonnet" were played by Mrs. Alice Brunton, with piano accompaniment by Mrs. Ernest Irwin.

A reading, "Salt of the Earth," was given by Mrs. Margaret Osborne.

A piano solo "Juanita" was played by Mrs. Paul McKeown. A contest, "Famous Couples," was conducted by Mrs. Percy Reid.

Some Valentine verses were recited and discussion took place on the March meeting, which will begin with a pot luck dinner at noon on March 3, in the W.I. Hall.

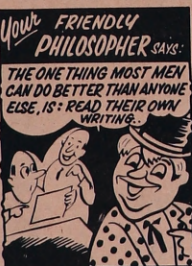

A demonstration on fancy cushions will be put on by Mrs. Don Kerr. There will be a display of hobbies. Mrs. Austin Dunk will have charge of the program.

### BLACK DUCK

Eastern relative of the mallard, this duck has earned a reputation for wariness unequalled among ducks. Though widely distributed in eastern Canada, it is not found in large flocks like the mallard. Tree bordered marshes and swamps are favorite habitat. Age governs the leg coloring in drakes and the real red-leg is a mature bird. Average weight is about three and one-half pounds. Frequents both fresh and salt water marshes. Ducks Unlimited projects in the Maritimes benefit this splendid duck.

Specially-designed and insulated suits enable Ontario Hydro linemen to work on live lines carrying up to 500,000 volts of electricity.

## PICTURE A WHITE WINTER WORLD

Look at winter this way. The sky is crystal clear and blazing blue. The snow is crisp under the morning sun. Cheeks are rosy and eyes are laughing. There is action, exuberance, color — all a camera needs to capture the spirit of a day on the snow-covered hills.

Of course, you should begin by packing your camera and a good supply of color film. Only too often, we leave the camera behind, then turn green when we view the trophies of our picture-taking friends.

Whether you're skiing, tobogganing, skating, or simply building a snowman, winter activities mean outstanding pictures. Even an easy-to-use camera like the Kodak Instamatic X-15 will get you sharp, clear prints or color slides. And if you have a movie camera, all the better.

Against a backdrop of snow and sky, your friends and family will stand out in their colorful winter togs. And speaking of people-pictures, remember to capture your favourite folk candidly. Avoid static poses. Have people doing something, like having a snowball fight. Your pictures will boast a refreshing, realistic quality.

Teaching the kids to enjoy winter? This can be one of the season's most enjoyable experiences, as well as one of the wonders of the world. Record their adventures in winter from beginning to end, and the memories will be warm for years to come.

If it's dramatic ski shots you want, try "stopping the action" with your camera. One way is to locate yourself on a forty-five degree angle from the oncoming skier. In a picture taken like this, the skier seems to fly right at you, spraying torrents of snow to all sides.

Or you aim at that moment of suspension, when the skier seems poised for a split-second in mid-air. The secret is to find the right location, pre-set your camera, and release the shot a few times before taking the picture.

## Foundation reveals reduction in deaths

Heart Month, February, is a particularly appropriate time to bring good news to Canadians under sixty-five years of age. Just released by the Canadian Heart Foundation is news that the overall death rate from cardiovascular disease—diseases of the heart and blood vessels—has been reduced 24% in Canada since 1950. Mr. A. D. Atkins of Calgary, President of the Foundation, said, "This news provides evidence that cardiovascular research pays off, and means that thousands of Canadians now alive would have died prematurely if 1950 Canadian death rates from cardiovascular disease prevailed today."

For particular forms of heart and blood vessel disease, the Foundation released the following: overall decline in death rate from all forms of heart disease - 24%; stroke death rate decline - 41.5%; high blood pressure - 79.3%; other heart diseases - 41.2%. The one area in which the statistics are relatively unchanged is that of heart attack, for which the decline in death rate since 1950 is only 3.2%. Even here, however, the outlook has brightened considerably.

Coronary artery surgery and coronary arteriography, (photography of the blood flow through

the heart's own arteries), have enabled surgeons to carry out corrective procedures to repair the damage resulting from thickening of the coronary arteries which supply the heart vessels with blood and oxygen. In many cases, arteriography will pinpoint potential trouble spots and permit correction to be made before trouble arises. Dr. Arthur Vineberg of Montreal was a pioneer in this field which developed comparatively recently. Consequently, the full effects of these advances are now shown in the period covered by the Foundation's report mentioned above.

The full impact on heart attack death rates by coronary care units, also pioneered by Canadians, has not yet been felt. It has been established the hospital deaths following heart attacks can be reduced by about 30%, if the patient receives optimal coronary care service. As more hospitals install these units, the reduction in heart attack deaths will become more noticeable.

To supplement these and other advances, Heart Foundations throughout Canada have been conducting an education program to alert Canadians to those factors affecting the risk of having a heart attack, and to inform them how the individual's risk may be lessened. This program will also have an effect on heart attack death rates in the future.

## Presbyterian Women hold meeting

Miss Gena Spry, acting president for February, conducted the St. Andrew's Presbyterian Church Women's meeting on Thursday, Feb. 11 and opened the proceedings reading the hymn, "Tis Winter Now," so appropriate at this time.

Everyone joined in singing the hymn, Lead Us Heavenly Father, Lead Us, with Mrs. Taylor as musician.

The minutes and correspondence were read by the secretary, Mrs. K. Tompkins.

Fifteen ladies answered the roll call, a Bible verse containing the word Snow.

Mrs. R. Taylor spoke briefly on a catering project. Mrs. W. Hutcheon emphasized the fact

that the ladies should all be making special effort to save used stamps, to assist the leprosy mission. She wondered if a door to door canvas for this interest would not be very worth while. Mrs. D. Fargy gathered the offering which was dedicated by Miss Spry.

Mrs. Bert Cook reported on the preparation meeting for the World's Day of Prayer.

Mrs. Earl Fox took charge of the devotional reading Matthew 6: 27 - 34. She stressed the last verse, "Take therefore, no thought for the morrow." To day is the important day in our life. We cannot change the past and it gets us nowhere to wor-

ry about what is ahead of us, because we don't know what will confront us. Mrs. Fox mentioned persons shying from office because it is for a whole year ahead, when if one just thought about it, it is only one day usually of a month, and presents no problem when that day comes. We should be thankful for each day and accept responsibilities as they come. Do a bit for God's glory each day. A hello, a smile, a kind word means so much to those we meet.

Mrs. D. Fargy offered prayer.

Mrs. Silas Boyce gave a very fitting reading entitled Winter.

Mrs. Don McIntosh gave a very interesting and informative talk on bells. Mr. and Mrs. McIntosh are making a bell collection and already have procured a great variety of them.

Mrs. McIntosh had several bells with her to demonstrate. She

gave a good history, stating that bells come under three categories. Examples shown included harness and sleigh bells, cow, horse, sheep, dog and camel-worn bells. There were many decorative varieties on display, made of brass, china, glass, clay, silver, gold and wood. There were different varieties of wind bells, a replica of the liberty bell, an alarm clock with two very pronounced bells. It is hard to realize how many varieties of these musical emitting instruments there are. Everyone has a special tone of its own.

Mrs. K. Tompkins thanked Mrs. McIntosh for the very interesting display and description of bells.

Miss Spry read a poem about bells, then closed the meeting with prayer.

Refreshments were served. Mrs. Ken Ray thanked everyone having any part in the afternoon's activities.

## Edward Winter publishes book

A man whose father was born in Stirling, Edward Winter, has had his third book published. Called "Enamel Painting Techniques," it goes hand-in-hand with "Enamel Art" and Enameling for Beginners" partially all the art work illustrated was done by the author and his artist wife, Thelma Fraser Winter.

Mr. Winter has been in the enameling industry for almost 40 years.

A graduate of the Cleveland Institute of Art, he furthered his studies in ceramics at the Kunstgewerbeschule, Vienna, Austria.

He pioneered murals, bowls, plaques, vases and ashtrays on both steel and copper in 1933. Lifting the art from that of the traditional jeweller's craft, in 1953 he pioneered enameled aluminum works. Mr. Winter designs, produces, and sells his own articles. A Fellow of the Royal Society of Arts, he has lectured and exhibited interna-

tionally, and one of his first works was exhibited at the CNE in 1933.

The artist's mother was born in Grafton.

Edward spent his boyhood on the Robert Litster farm at Vernonville, and in 1919 attended Dufferin School in Trenton where he received his early art instruction.

He has relatives in many parts of Ontario, from Colborne to Toronto; a cousin, Violet Merrill, is a retired school teacher living in Cobourg, cousin Elgie Broomfield is at Colbourg.

In early 1969, Cobourg Public Library received a gift from Mr. Winter - a framed wall panel done in glass enamel fused on steel, called "Angel Fish". It was valued at \$1,500. The Winter books have been placed in the library.

## Electronic aid for blind being developed

A new electronic aid for the blind was demonstrated at the fifth National General Meeting of the Canadian Association of Rehabilitation Teachers held at CNIB, Toronto, recently. The device, known as a Liquid Level Indicator, was invented in a Vancouver workshop and is at present being tested by CNIB for use by blind housewives.

### DOLLARS AND GOOD SENSE

Mr. Martin serves as special consultant to Avco Financial Services. All questions should be sent to him at P.O. Box 5875, London, Ontario, Canada. Those containing a name and address will be answered in this column or by direct return mail. No names will be used in print.

Dear Mr. Martin:

I've heard that some new television sets will soon be on the market that will let you take your own pictures. Is this true and if it is, what will they cost?

B. L.

Dear B. L.:

Yes it's true. You're talking about the new cartridge or cassette television systems which have been getting a lot of publicity lately. The new units will be similar to present cassette tape recorders.

You will be able to purchase half-hour programs to watch on your home TV screen just as you now can buy records and tapes.

There will be a wide variety of programs available when the new systems hit the market soon. Instead of being restricted to the regular listings, which are justified by national ratings, you can select a program that appeals more to your own interests and you can watch it whenever and as often as you wish.

Six companies, including two of the television networks, have systems being developed for home use. The first of the new cassettes is scheduled to be introduced around the middle of 1971.

Costs will be fairly high, though. The players are expected to run between \$300 to \$1,000 and with some you will be able to record video tape programs yourself. Cost of the cassettes should run from \$10 to \$30 each.

Experts predict that the new cartridge systems will revolutionize the home entertainment industry more than the introduction of TV itself did.

Businessmen can also find use for the new systems in producing taped programs for meetings and training sessions. The possibilities for schools, hospitals, clubs, etc. are nearly endless.

Dear Mr. Martin: The year 1970 was not a good one for the stock market, as most of us know. What about mutual funds-how did they do?

G. L.

Dear G. L.: Generally somewhat worse than the stock averages, but some funds did quite well during the year.

One U. S. fund recorded a gain of about 18% in value during 1970 while others lost as much as 56%. Of some 450 U. S. funds, about 100 came out of 1970 with a

gain but about 120 lost more than 20%, much worse than any stock average. Mutual funds lost approximately 12% as a whole during the year, following a 14% loss in 1969. This was much more than the 18% gain the industry recorded during the stock market's boom year of 1968.

Despite this recent performance, however, mutual funds can still be a good investment and an excellent hedge against inflation. But, as always and with anything, investigate before you invest. Check a fund out, ask some brokers, examine its long-term performance and the quality of its management. Mutual funds are a long-term investment and as such they remain a good buy for the most part. Just be sure your investment objectives meet those of the fund.

### Stirling WI holds meeting

The February meeting of the Stirling Women's Institute was held at the home of Mrs. Alex Tanner. One new member, Mrs. Brooks, was reported. Twenty members were present. The minutes and the treasurer's report were read. Departmental dues and a donation to the Macdonald Institute were authorized. Mrs. Chambers was named as delegate to the Federated Women's Institute at Guelph in April.

In the report of the standing committees, there will be a quilting at Mrs. Clancy's next week. Mrs. West paid for the quilting of two quilts. Anniversary cards are to be sent to Mr. and Mrs. Jones and to Mr. and Mrs. Arthur Stevenson. Mrs. Chambers is to start work on the Tweedsmuir book. Collections were taken and recorded.

Mrs. Morley Ayrhart gave a most interesting talk on citizenship, pointing out the evil of displays of weapons in Montreal and the recent destruction of weapons at Nanapanee. The white people have had 400 years of self-governing. The Mohawks of Tyndenaga with only two, now need strong leadership. A number of years ago, they were given financial help to engage in craftsmanship. She closed with inspiring lines by the late Cardinal Cushing.

Mrs. Tanner took charge of the program, reading a poem "One Old Lady to Another." Mrs. Bartlett read "A Modern Grandmother" and Mrs. Montgomery, "Help" all of which were much appreciated.

Mrs. Helen Reid conducted a contest on girls' names, using those of the members.

The meeting closed and lunch was served. During the preceding month, there had been a card party at Mrs. Tanner's.

THE STIRLING NEWS-ARGUS, Wednesday, February 17, 1971

## Road, bridge expenditures are estimated

Council, Monday night, went into a Committee of the Whole on bylaws to discuss bylaw 750-71, a bylaw to outline expenditures on roads and streets for the year 1971.

Councillor Fred Brandt, chairman of the committee of the whole, read the proposed bylaw which contained the following estimates:

Road Construction - \$4,825  
Road Maintenance - \$12,575  
Bridges and Culvert Construction and Maintenance - \$1,000  
Overhead - \$600  
Total - \$19,000

The bylaw was passed by council and will be forwarded to the district office of the Department of Transport by March 31, 1971.

## Fire hall insurance up

The cost of keeping up-to-date in the field of firefighting may be indicated by the fact that insurance coverage for the contents of the village firehall was recently raised from \$4,000 to \$8,000. Much of this increase is due to the value of the new radio equipment which enables the Stirling Volunteer Fire Department to keep in immediate contact with the Belleville Fire Department for the purpose of requesting or lending men, equipment or information.

## River Valley WI card party

River Valley Women's Institute held their sixth card party at the Centre on Friday evening, February 12th with 37 people in attendance.

There were nine tables in play and 12 guests were in attendance from Kingsville, Stirling, Mount Pleasant, Wellmans and Frankford.

The agricultural group provided refreshments and were in charge of the arrangements. The prize winners, first and second were - Ladies, Mrs. Raymond McConnell and Mrs. Ernest Carr. Men - Harry Heasman and Glenn Morrow.

Special donated novelty prizes for the ladies were last week, Mrs. Omar Chisholm and Mrs. Hubbard Faulkner. This week Mrs. Glenn Morrow, and Mrs. Harry Jeffries.

The next card party will be held on February 26th.

## Steam engine to be retired

The only operating mainline steam locomotive in Canada - Canadian National's famed No. 6218 - is soon to make its last run.

J. H. Ritchie, vice president, St. Lawrence Region, announced Jan. 29 the giant locomotive will be withdrawn from revenue service on March 24. The 340-ton engine has been available to railway clubs and community organizations since 1964.

In announcing the decision to retire the locomotive the railway official noted that soaring operating costs, diminishing availability of qualified operating and maintenance personnel and the need for extensive boiler and running gear repairs, necessitated the move.

## QUESTIONS

About the Highway Traffic Act  
WITH GEORGE RHYNSBARGER  
Bylaw Enforcement Officer

BY STEVE PATRICK

This is the first of a series of articles written from interviews with Bylaw Enforcement Officer George Rhynsbarger.

Question: Do you know what a "No Parking" sign means? How about a "No Stopping" sign? What is the difference?

Answer: According to Section 1.1.17a of the Ontario Highway Traffic Act, "park or parking", when prohibited, means the standing of a vehicle, whether occupied or not, except when standing temporarily for the purpose of and while actually engaged in loading or unloading merchandise or passengers."

By Section 1.1.25a of the Highway Traffic Act, "stop or stopping, when prohibited, means the halting of a vehicle, even momentarily, whether occupied or not, except when necessary to avoid conflict with other traffic or in compliance with the directions of a constable or other police officer or of a traffic control sign or signal."

Question: When must an accident be reported to the police?

Answer: An accident must be reported to a police officer where there is personal injury involved or property damage exceeds \$200. The amount of property damage used to be \$100, but this has been changed. It should also be mentioned that this regulation refers to snowmobile accidents as well as automobiles.

Question: What system is used for deciding the amount of a speeding fine?

Answer: The new sliding scale of speeding fines, in effect since September 1, 1969 is as follows: less than 10 mph over the speed limit - \$2 for each mph over the maximum speed limit.  
more than 10 but less than 20 mph over the speed limit - \$3 for each mph over the maximum speed limit.  
more than 20 but less than 30 mph over the speed limit - \$4 for each mph over the maximum speed limit.  
more than 30 mph over the speed limit - \$5 for each mph over the maximum speed limit.

## Girl Guides can't be Scouts

"Any girl who joins a Rover crew does so as an individual, not as an official member of the Girl Guides of Canada-Guides du Canada," according to a statement released today by Mrs. K. B. Clydesdale, Chief Commissioner of the Girl Guides of Canada. The Chief Commissioner made this statement at her organization's National Headquarters in Toronto in reply to an announcement from the National Ottawa Office of the Boy Scouts of Canada that girls will be accepted as members of the Scout Rover crews.

"In the Girl Guides of Canada - Guides du Canada, the age limits for Rangers are 14 to 18 in the Boy Scouts the Rover age group extends from 17 to 23, hence there is only a year or so of possible double involvement," the Chief said. "However, the Girl Guides of Canada wish to make it clear that any such membership must be on an individual basis and not as an official member of the Girl Guides of Canada."

The Chief stressed that her organization encourages joint activities; it does not advocate membership for boys in the Guide organization, nor does it allow male leadership in its packs, companies or groups. She added that this did not preclude men as members of committees, in fact their assistance was welcome at any time.

## Stirling 4-H club meets

The first meeting of the Stirling 4-H Homemaking Club was held on February 3 at the home of Debra Gliddon. An election of officers was held.

The leader, Debra Gliddon, explained the Spring project, which is The Cereals Shelf, to the girls. Gayle Hoover and Ruth Wainmaker demonstrated how to make Frypan Cookies. The meeting was closed by the president, Lynne Hoover, with the Mizpah Benediction.

## Frankford Trimettes

The Frankford Trimettes met at the town hall at 7:30 p.m. The meeting opened with a weigh-in, showing a club loss of 24 pounds and one pound gained. High losers were Lois Clarke, Mary Devornik and Bonnie Cleveland, with five pounds each.

Calorie charts were submitted and discussed.

Princess of the Month for January was Mary Gliddon.

SORA RAIL

Small, secretive and inquisitive marsh bird, the sora has a slim body, slender legs and long toes, enabling it to scamper about among tangled reeds and pater on lily pads. More often heard than seen. Its call is a series of rapid, whistled notes descending in scale. Nests in grass or reeds over water, may contain anywhere from 9 to 15 eggs, sometimes in two layers. Soras are found across Canada east of the Rockies.

## CENTENNIAL REPORT

A report by Thom Reynolds from Centennial Secondary School, Palmer Road, Belleville

Students from the Stirling area had a holiday a week ago Tuesday and school was closed at noon on Wednesday because of the poor road conditions. Students also stayed home yesterday as not all roads in the area had been cleared from the weekend storm.

All arrangements have been finally completed and students are looking anxiously toward Friday when they leave for a two week cruise through the Mediterranean.

Centennial students, Peter Stewart and Barry Clements have organized the Hastings Film Society which will present older, famous films together with educational reels for minimum costs at BCI. The society's purpose is to provide entertainment and educational films at the cheapest rate possible. Co-operation from the Hastings County Board of Education and the Quinte Arts Council has played an important role in helping the two

## Friday night mixed bowling

Friday night, the Slow Pokes really lived up to their name and ended up without any points; the Scatter Pins taking all 7, giving them a total of 82 points. The Korner Pins are still in second place with 69 points and the Mix Ups are following close behind with 65 points.

Verna Woodbeck still is holding the ladies' high average with 199 and Ralph Sca is fighting hard to take the average for the men of 218, away from Ralph Park, who stood still Friday night with an average of 217.

Harold Morgan had the high triple of 773, rolling games of 258, 248 and 267. Ivy Poste took the honors for the ladies with games of 281, 233 and 201, making a total of 715. Ralph Sca had high single of 289 for the men and a good triple of 715. Doug Sca also had good games of 228, 282 and 202, with a triple of 712. John Reichert's games were also good, rolling 210, 245 and 242 with a triple of 697.

Other good games were: Ray Poste, 251 and 248; Verna Woodbeck, 260; Irene Lippert, 208; Robert Sarvas, 206; Muriel Rieseley, 241, 214; Ralph Park, 260, 223; Hilda Rose, 217, 236; Bud Rieseley, 241; Maurice Faulkner, 207; June Sca, 253.

In the "B" group, Betty Faulkner holds the high average of 153. Muriel Rieseley took the high triple of 577, rolling two good games of 241 and 214. June Sca rolled the high single of 253.

On January 29, Rosa Spry took the high triple for the week of 670 and high single of 253 and Bud Rieseley rolled the honours for the men, with 681, having games of 236, 221 and 224. Ray Poste had high single for the men of 299.

In the "B" group, Betty Faulkner really went to town, walking away with the high triple of 604 and single of 266.

## Wellman's

(Mrs. Victor Graham) Donna and Dennis Colby entertained a few friends on Saturday on the occasion of their fourth birthday. Gloria Russett also celebrated a birthday on Saturday.

Mrs. Wayne Reid, Susan and Vaughn of Harold visited on Wednesday with Mrs. Victor Graham and Eleanor.

Mr. and Mrs. Glenn Graham, Vicky and Scott of Belleville, were supper guests on Sunday of Mrs. Victor Graham and Eleanor.

## Mount Pleasant

(By Mrs. Percy MacMullen)  
On Sunday afternoon, February 7th, at the informal church service, Harvey Couch and son, Kenneth and Donnie Campbell furnished several musical selections.

On Tuesday, February 9th, this area received a snowfall of seven inches. There was no rural mail delivery for the third time this winter and the high school students had a holiday.

Due to inclement weather and road conditions the U.C.W. postponed their planned pot luck dinner on Wednesday, the 10th. They hope to have it at the church hall on Tuesday, February 16th.

On Thursday, February 11, Mrs. Garth Joslin, Mrs. Robert Hoard, Mrs. Marguerite McMillen, Mrs. Don Campbell, Mrs. Kenneth Weaver, Mrs. Milford Wrightman and Mrs. W. C. Cox represented Mount Pleasant U.C.W., and attended the annual meeting of Belleville Presbyterian at Tabernacle United Church, Belleville. In the afternoon the group gave "An Exercise in Futility".

Mr. and Mrs. Frank Latt, Peterborough, spent some time with Mr. and Mrs. Herbert Smith and they all attended the funeral of his sister, Mrs. Kenneth McAlpine at the Weaver Funeral Home, Campbellford on Thursday.

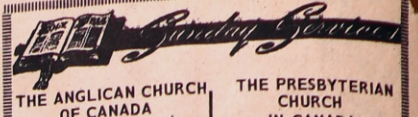

Mr. and Mrs. Burton Sharpe, attended a birthday party for her father, George McMillen of the Eggleston community on Thursday. Mr. McMillen was observing his 86th birthday.

The heaviest storm of the winter dropped ten inches of snow on this area over the weekend. On Sunday, Feb. 14th the lanes were filled with drifting snow and the morning church service was cancelled.

## Krispie Kritters hold meeting

The first meeting of the Mount Pleasant Krispie Kritters 4-H Club was held at 7:00 p.m. at the home of Mrs. Robert Hoard on February 3. Jeanette Hoard was elected president; treasurer is Hilda Talsma and the press reporter is Debbie David. Janet Cousins and Diane Parker were the 6th and 7th members. The leaders are Mrs. Robert Hoard and Mrs. George Grills.

At the end of the discussion, the members made fry-pan cookies which turned out very well.

## LEGAL NOTICE

ADVERTISEMENT AND CONDITIONS OF SALE BY TENDER

JUDICIAL SALE of west half of Lot 17, Concession 10, Township of Hungerford, IN THE SUPREME COURT OF ONTARIO

BETWEEN: THE PREMIER TRUST COMPANY Plaintiff

and LYLE STEVENSON, CHISHOLM'S (ROSLIN) LIMITED, FOXBORO DISTRICT CO-OPERATIVE ASSOCIATION and BANK OF MONTREAL (Made a party in the Master's Chambers) Defendants

PURSUANT to the judgment and final order for sale in this cause and to the direction of the undersigned Local Master sealed tenders addressed to the undersigned and endorsed "Tender for Supreme Court Action 67/70" in accordance with the conditions of sale hereunder will be received by the undersigned up to March 1, 1971 at his chambers, Court House, Belleville for the purchase in one parcel of the captioned property; subject to a reserve bid fixed by the Local Master.

The lands comprising ninety acres are located at R.R. No. 3, Tweed, and on the property are said to be a one and one-half storey brick house, a barn, a garage and a storage building.

## CONDITIONS OF SALE

1. The vendors shall not be required to produce any abstract of title, deed or evidence of title, other than those in their possession. The purchaser shall examine the title at his own expense and any objection thereto shall be made in writing within 15 days from the acceptance of the tender. Should no sufficient objection in writing be made within that time, the vendor's title shall be held to have been accepted. Should any sufficient objection in writing be made within that time which the vendors are unable or unwilling to remove the vendors shall be at liberty to rescind the sale in which case the purchaser shall be entitled only to a return of the deposit money, without interest.

2. All parties to the action shall be at liberty to tender. 3. Each tender shall be accompanied by an accepted cheque, payable to the accountant of the Supreme Court of Ontario, for at least ten per cent. of the amount of such tender, as a deposit and the Purchaser shall pay the remainder of the purchase price into Court to the credit of this cause on or before April 1, 1971, without interest and upon payment the purchaser shall be entitled to a vesting order, to be obtained by the purchaser at his own expense, instead of a conveyance, and to be given possession of the property, subject to the existing tenancies.

4. The tender and acceptance and these conditions of sale, which shall be deemed to form part of such tender, shall constitute the agreement for sale. 5. Subject to a reserve bid fixed by the said Master, the highest tender shall be the purchaser. 6. All adjustments will be made as of April 1, 1971, the date of closing. For further particulars apply to J.D. Templeman, Barrister & Solicitor, 17 Campbell St., Belleville, Ontario. Solicitor for the Defendant, Chisholm's (Roslin) Limited. DATED this 11th day of January, A.D. 1971.

J.C. Anderson Local Master.

## Weekly Snowmobile Tips

BE SAFETY-MINDED...IT IS VITAL

Know your machine and learn to be an expert snowmobile driver. Keep your machine in good repair. Obey all traffic safety rules. Concentrate on your driving. Inspect unfamiliar terrain. Be especially careful on snow-covered lakes that might have open water near river inlets and pressure ridges. Control the use of your snowmobile when driven by others. Educate younger drivers in safety. Prohibit unsafe driving practices at all times.

## Details of hydro rate increase given by PUC

As indicated in an earlier press release Stirling Public Utilities Commission will increase hydro rates on all bills issued on and after May 1. Commission Chairman Donald Rodgers said "that with the increase in the wholesale cost of power from Ontario Hydro and increases in the local cost of operation the utility could no longer hold the line against the inflationary spiral and maintain the high standards of service demanded by its customers".

He went on to say, "That in order to maintain these standards and the principle of power at cost the utility will have to increase revenue more frequently in the future."

The last rate adjustment for Stirling hydro customers was in 1959, an enviable record when one looks at the rising costs of other commodities. When the

new bills are issued in May, Utility customers will notice some changes in format.

Columns formerly headed Net and Gross will be shown on the new bills under columns headed "Before Due date" and "After Due Date".

The "Due Date" system allows ten days for payment of accounts from the date the bill is issued. If payment is not received by the "Due Date" there will be a late payment charge of 5%.

A new General Rate will be introduced to replace the Commercial, Small Commercial and Residential classifications. There will be three classifications: Residential and General Service.

NEW NET RESIDENTIAL RATES  
First 50 kw per month at 3.0¢ per kw

Next 200 kw per month at 1.4¢ per kw  
Next 500 kw per month at 1.0¢ per kw  
(for customers with a metered, Hydro - approved electric water heater) at 0.8¢ per kw  
Balance at 1.05¢ per kw  
Minimum Bill: \$2.00 per month  
Note: 5% will be added to overdue accounts.

NEW NET GENERAL RATES  
Demand Charge  
First 50 kw or less.....Nil  
Balance per kw.....\$1.80  
Energy Charge  
First 50 kw per month .. at 4.0¢ per month  
Next 200 kw per month .. at 2.0¢ per month  
Next 9750 kw per month .. at 1.4¢ per month

Balance .. at 0.5¢ per month  
Minimum Bill: The greater of \$2.00 per month or 25¢ per kw established in the previous eleven months.  
Note: 5% will be added to overdue accounts.

## Stirling finishes fourth in YBC tournament

Sunday, Feb. 21st, after a weeks postponement on account of the weather, the Zone Round of the Youth Bowling Council "Four Steps to Stardom" was held at the Belleville Bowl-O-Drome, Front St. All "House Round" winners in Bantam, Junior and Senior Singles and team "Spots" bowled to determine winners to advance to the Provincial Finals in Hamilton. This year there are 48,871 seven to fifteen year olds participating in the Youth Bowling program in bowling houses that are members of the Bowling Proprietors' Association of Ontario and the Canadian Bowling Association.

In each event three games were bowled with total pinfall (flat score) determining the winner. Stirling Bowl-O-Drome had six singles and a Bantam Girls and a Senior Boys team entered. The Bantams bowled at 10 o'clock and Stirling's team of Sherry Farrell, Suzanne Jacket, Dianna Barrie, Candy Blakeley and Cheryl McGee won the first game, but at the end of 3 games finished 4th. Stirling had the distinction of having the youngest bowler in the tournament in 8 year old Cheryl McGee, who drew rounds of applause when she started the first game with three

strikes in a row and had a 174 game.

Sherry Farrell lead the girls with a 152 average for the three games. Candy Blakeley had a 150 game.

Jo-Anne Valchar and Ricky Clements were the Bantam Singles representatives. Neither won, but Ricky bowled a 236 third game and finished with an average of 167 - 7 above his league average.

The Seniors bowled at 2 o'clock with Shirleyann Willigan and Tim Beith bowling for Stirling. Tim finished 2nd bowling games of 251, 184 and 25 (661).

The Senior Boys' team of Greg Dafeo, Danny Jones, John Mouck, Fred Smith and Paul Jones had some good games -- Greg Dafeo, 199, 224 and 238; Paul Jones, 228, 201 and 185; Danny Jones a 228 and John Mouck, 202 and 182.

Susan Wright and Bill Seely bowled at 4 o'clock for the Junior Singles for Stirling but did not place either.

Although they won't get to the all expense paid Dominion Finals in Vancouver, it was good experience for our bowlers and they all showed good sportsmanship.

Ivy Poste, supervisor, extended her thanks to Mr. and Mrs. E. McGee, Mr. and Mrs. J. Wright, Mr. and Mrs. Ralph Clements and also the Senior Boys who drove cars and Mr. McGee who kept score for the whole three categories.

## Stirling feed men attend Purina school

JOHN ROSS HODGINS

DOUGLAS KANE

Purina Representatives Douglas J. Kane of Stirling and John Ross Hodgins, proprietor of Stirling Farm and Garden Supply spent the week of Jan. 25 - 30 at Chebebe Road Square in St. Louis, Missouri, attending a special school for Purina Chow salesmen from many parts of the United States and Canada.

Sessions of the school were held at Company headquarters and at the famous Ralston Purina Research Farm at Gray Summit, Missouri. Company management people appeared before the school and conveyed the latest information on the feeding and management of beef cattle, hogs, dairy herds and poultry. The curriculum also included sessions on health aid products and livestock

and poultry disease control. The purpose of the school is to enable Purina Chow salesmen to bring the latest feeding information to their livestock and poultry feeder customers.

## Accountants hear speaker

R.A. (Bob) Pattison, R.I.A., President of the Society of Industrial Accountants of Ontario, addressed the "Quinto Chapter" on the subject "Registered Industrial Accountant - Action Central".

He emphasized the fact that the Registered Industrial Accountant (R.I.A.) is trained and is qualified to be at the centre of the Decision-Making-Process in the Management Group. He pointed out that the new curriculum would update the present five year course to methods required for the 70's, and that post graduate courses would continue to be available for graduates.

## Mrs. A. Pyear breaks arm

News reports from Carmel have been lacking of late due to the fact our able correspondent from that community, Mrs. Arthur Pyear, fell and broke her writing arm. We hope the fracture mends speedily.

## Henry Burrell now in Foxboro

Henry Burrell, father of Stirling Jeweller Eugene Burrell, has retired to Foxboro after ending 25 years of service with Consolidated Sand and Gravel Company.

Formerly a farmer, at R.R. 2 Stirling, Mr. Burrell joined the sand and gravel company in 1946 at its Fuller plant. His occupation was that of shovel operator and he did this until he was transferred to Paris, Ont., in 1953, where he continued to operate a shovel for the company. The Fuller plant was closed at that time. Since 1967, he worked as a mill helper until his retirement on Jan. 29. Mr. Burrell was presented with an inside-outside thermometer and a purse of money by his fellow workers and the company.

Mr. and Mrs. Burrell have now taken up residence in Foxboro.

## The high and the low of it

The Senior Citizens are happy to report that Della Descent is now home from the hospital and that Marie Morton is recovering nicely after a recent operation. The meeting on Thursday was well attended there being 11 tables of progressive euchre. The net proceeds were \$7.75. Margaret Fitchett was high for the ladies and Iva Ayrhart and Myrtle Tanner shared for the low. For the men George McMullen was high and Elwood Johnson was low. Nellie Montgomery and a good job managing the games and Gertrude Belshaw, Kate Donohoe and Ada Bush served a nice lunch. Our president was home with a cold and Past President George Heasman filled that office for him and thanked all who made the afternoon so pleasant.

While at play dia Scribme made a startling discovery. It seemed that each deck of cards he used had from 6 to 8 nines and as many tens in it. That's one thing that is sure hard on religion. Is there anything one can get to rub on for that awful feeling. I said rub on not rub in, I got enough of that stuff from the opposition. Next week I think I better play dominoes. Good Question: If an athlete gets athlete's foot, what would an astronaut get? Missile toe? dia Scribme

## Annual Scout service held at St. Andrew's

A large group of Brownies, Girl Guides, Venturers, Cubs Scouts and their leaders attended St. Andrew's Presbyterian Church on Sunday, Feb. 21st, for the annual visitation to one of the churches.

The troop filed into the church and just preceding the service, the color bearers entered. At the front of the church, Donald Macdonald, District Commissioner of the Motra District, received the flags from the color party, which were placed by Mr. Roy Taylor, minister of the church.

The service began with the singing of "O Canada". The hymns sung were Lord of the Worlds Above, Tell me the Stories of Jesus, Christ for the World We Sing and Onward Christian Soldiers.

The choir gave a splendid rendition of "Beautiful Isle of Somewhere" with Mrs. Harry Morrow at the organ.

Danny Jones was in charge of the responsive reading of Psalm 106: 37-48.

Miss Janice Morton read from the Bible Deuteronomy 30: 11-20.

## Direct dialing coming in fall

Direct Distance Dialing will be available to Bell Canada customers in the Stirling area, beginning Nov. 14, 1971.

This was revealed last week by Robert Carleton, Bell's area manager, in an address to the Stirling Rotary Club.

Not to be confused with an expanded free dialing zone, Direct Distance Dialing allows a customer to dial numbers on other exchanges directly, without going through the operator. Mr. Carleton said that to provide this new service, Bell has expanded its building in Belleville and additional equipment will be installed in its building here on Church St.

The method of using this service improvement will be explained to customers by a group of service advisors calling the customers to assist them and by mailing information to all customers with detailed instructions.

Stirling exchange has more than 1,400 customers.

## Youths touring Mexico, States

William Boslak of Stirling and Rick Embry, Spring Brook, are on an extended camping trip which has taken them to various parts of the United States, Mexico and will eventually take them to British Columbia.

William, 23 and Rick, 21, left Stirling on Jan. 14, motoring to Florida and Mexico. At last report, they were in Texas.

They planned to travel on to California, and then head north along the coast line to British Columbia.

They are expected to return home early in April. Along the way, William has been collecting rock samples and Rick has been painting scenes of interest.

## Retired storekeeper dies suddenly

Funeral service for Floyd E. Bartlett, 24 Victoria St., Stirling, was held in the chapel of the John R. Bush Funeral Home in Belleville on Monday, Feb. 22, at 1:30 p.m.

Mr. Bartlett, who operated what is now Stirling Food Market for 17 years prior to selling it to the present owner, died suddenly at his residence on Saturday morning, Feb. 20, in his 71st year.

Rev. J. Bruce Small, St. Paul's United Church, Stirling, conducted the funeral service. Entombment was in the Belleville vault. Interment will take place in Frankford Cemetery in the Spring.

Funeralbearers were Graham Mouck, George Noble, Ray Poste, Stewart McArthur, Earl Johnson, and Les Thompson.

Mr. Bartlett farmed in the Foxboro area before going into business in Stirling where he operated a grocery store, meat market and egg grading station.

Surviving, besides Mrs. Bartlett, the former Helen May Mills, are two daughters, Mrs. Marion (Marie) Garrison, Wallbridge, and Mrs. Douglas (Phyllis) Campbell, Stirling, and five grandchildren; and a brother, Thomas, of Ann Arbor.

YEARS TO GROW - MINUTES TO CUT DOWN

It took workmen less than an hour to remove a big oak tree, estimated to be 250 years old, on Church St. last Thursday morning.

Hydro and telephone crews disconnected lines to the residence of Ken Fay, so that the falling tree would not break them.

The centre of the tree was greatly rotted, necessitating its removal. Photo by Roy Lewis

## Belleville Presbyterian United Women meet

In spite of heavy storms the previous day and high snowdrifts, the focal point for United Church Women of Belleville Presbyterian on Thursday morning was Tabernacle United Church, Belleville, where they gathered for their annual meeting. The mood of the morning was set by Presbyterian President, Mrs. T. W. Spear in her opening Call to Worship when she spoke of faith in our lives and contentment when we accept God's free gifts. Mrs. E. R. Nelson, President of Tabernacle U.C.W., brought a warm welcome.

Mrs. W. H. Seigel, President of Bay of Quinte Conference U.C.W., was absent owing to the recent death of her husband. Mrs. Spear led all in prayer for Mrs. Seigel.

Two items of business were introduced. Miss Helen Sexsmith, Supply and Welfare Secretary, told of the project Operation Eyeglasses, sponsored by the Department of Education, for students and adults in the Caribbean. We are asked to contribute glasses, lenses and frames of all sizes which will be classified and repaired. The Canadian Medical Association will send an oculist to Grand Turk which is the first place to receive help. Complete information on this will be sent to all the locals by Miss Sexsmith.

Mrs. George Williams introduced the next project which was Dr. A. C. Forest, B.A., B.D., Toronto. Dr. Forest is Editor of the United Church Observer. He was introduced by

Miss Helen Sexsmith and thanked by Mrs. Eric Foster.

"The worst sin of the religious press is that it is often dull and boring," said Dr. Forest, "it need not be so if it reports news as it occurs, not just the pleasant things that people want to hear." In replying to the criticism why does the Observer print negative materials, he asserts that as a medium of communication it must report the trends and feelings as they happen with no managing of One.

It should communicate to those who read but do not attend church or church meetings as well as to those who do. Going on to changes in the life of the church, Dr. Forest took the text, "If any man will come after me, let him take up his cross and follow me." This is usually associated with sacrifice and burdens but Dr. Forest gave it a new meaning. "Cross" was a common figure of speech meaning pole or peg, i.e., tent peg. So what Jesus was saying was, pick up your tent poles and get going. Those who travel must leave things behind, so those who are on the move intellectually must learn to leave lightly and so leave behind some things that appear to be of value. Today we have extended intellectual hospitality to more new ideas than in any other period. The door was opened by Pope John when he said, "Our ancient doctrine should be studied and expounded through methods of research and literary forms of modern thought." Dr. Forest continued, "As we move on take up our tent pegs. We should take with us the nurture of our faith and teaching of our children; the community life in the church - the only place where the unacceptance of the U.C.W. School at Quin-Mo-Lac in September.

Mrs. Ken Weaver was in charge

see it as prophecy as with Dr. Matchem and Dr. Hoard; (d) take our obligation to serve the whole world as God's call. Christians should work in the community through various agencies not just in church sponsored groups. We should change society instead of reacting to it." Dr. Forest then answered questions from the floor on such subjects as General Council, the New Credo, young people, and abortion.

In the afternoon the worship was led by Mrs. Grace Anderson of Bridge St. U.C.W. and was in line with the theme Responsible Communication. After reading Psalm 46 she developed the idea "Be still and know". She related Elijah's flight into the wilderness to the flight of young people from their problems. Elijah looked for God in the wind, the fire and the earthquake but found Him in the still small voice. Young people today have turned to riots, drugs, and bombings but find no answer.

There are three areas where answers may be found: (1) we want to hear them; (2) youth, wanting to be heard; (3) all of us wanting to be real. Let us help our youth to push a little sand between the shells; who knows but a pearl will develop, then they too will "Be still and know". too will "Be still and know". Mrs. John Gray sang a beautiful solo. Other items in the afternoon were: Mrs. H. Harrison spoke on Literature. Mrs. L. Hagerman led a sing song assisted by Mrs. H. Harrison. Rev. V. Zuehl told about the Conference camp at Quin-Mo-Lac. Mrs. K. Weaver spoke on the U.C.W. School at Quin-Mo-Lac in September.

Mrs. Ken Weaver was in charge (Continued on Page 2)

## DONALD ROBERTSON STEWART

Resident of the Stirling area for the past 70 years and one of the county's oldest residents Donald Robertson Stewart died today in Belleville General Hospital. He was in his 92nd year. Born at Fort Stewart in North Hastings, Mr. Stewart was the son of Mr. and Mrs. Peter Stewart and had lived at Boulter, before moving to the Stirling area. He was a member of Jehovah's Witnesses at Stirling.

Predeceased by his wife, Irene, he is survived by a son Paul of Kingston and three daughters, Mrs. John (Olive) Orser, R.R. 4, Stirling; Mrs. Meredith (Aylene) Dow of Indiana and Mrs. Hugh (Vera) George of Chicago. There are six grandchildren and two great-grandchildren.

The funeral will be held Thursday from the Hogle Funeral Home, Stirling with service in the chapel at 3 p.m. Entombment, Stirling Cemetery Vault.

## MARSH WORLD

### RED-WINGED BLACKBIRD

Colorful inhabitant of marshes, sloughs and roadside ditches where cattail reeds are found. Ranges across Canada. The male is unmistakable, the female is heavily streaked with dark-brown, and has a dull red shoulder patch. Nests in reeds often over water. The nest is deep, cup-shaped and securely woven into supporting stalks. Redwings begin to flock soon after nesting and gather in large concentrations as fall arrives. On migration they travel with other blackbirds.

## Speaking of Sport

BY THOM REYNOLDS

This Friday night will be the beginning of the Eastern Ontario Midget "D" quarter-finals at the Stirling arena at 9 p.m. The series is the best 3 out of 5 with the second game in Millbrook on Monday night. The first game which was scheduled for this past Monday night in Millbrook was cancelled because of the poor condition of the arena was in from the abundance of snow and ice. The Midget team, not beaten once this year hopes for local support, at the game on Friday evening.

On Monday night, February 15 Midget defeated Stirling 15-5. In the second game of the best 3 out of 5 play-off series, Cliff Reid scored the only goal for Stirling.

On Wednesday night Stirling won over Campbellford 5 to 1 in Novice action. Brett Haggerty and Barry Danford picked up two goals each while Rodney McKeown received the single.

On Thursday night the third game of the best 3 out of 5 Pee-Wee play-offs Midget defeated Stirling 6 to 0. This places Midget into the quarter finals.

In Bantam action on Thursday night Stirling whipped Marmora 12 to 1. Ken Jackett led the scoring with four goals followed by Robert Baldwin with two goals. David Jeffs, Kevin Solmes, Robert DeJong, Dennis Little, Wally Blakeley and Stan Myers all received single goals to help in the 12 to 1 upset. There were 13 penalties in the game.

On Friday night Brighton Novice team edged by Stirling 3 to 2. Brett Haggerty picked up the two Stirling goals.

Stirling Ken Sine Fuel Girls' whipped Picton 10 to 0 on Friday night with Susan Wright leading the scoring with six goals. Brenda Hay picked up two goals with singles going to Jane Bailey and Shelly Farrell.

The Juvenile game scheduled for Friday night against Havelock was cancelled.

Due to the Legion Curling Bonspiel on Saturday there was no Novice and Pee-Wee House League Hockey.

On Saturday the Novice team travelled to Napanee for a tournament and came home the B runner-ups. In the first game they lost to Lakeshore 4 to 2 with Brett Haggerty getting the only two Stirling goals. Stirling defeated Kingston 3 to 2 in the second game. Rodney McKeown picked up two goals with Bill Faulkner getting the other.

In the third game which went into overtime Napanee edged by Stirling 2 to 1. Barry Danford received the only Stirling goal.

On Monday night the Stirling Pee-Wees defeated Marmora 8 to 6 with Terry Bailey picking up three goals to lead the game. Cliff Reid scored twice with singles going to Wayne Andrews, Gary Utman and Paul Munro. On Saturday Marmora will host a Pee-Wee tournament which will see teams coming from Peterborough, Belleville, Wellington, Tweed and Stirling.

Also on Monday night in a Bantam Exhibition game Campbell-

ford defeated Stirling 4 to 2. Robert DeJong and Robert Baldwin received the only goals for Stirling.

The following are games to be played in Minor Hockey this week.

Wednesday, Feb. 24 - Novice Stirling at Campbellford.

CROSS-COUNTRY RACES HELD IN TWEED

This reporter on Saturday, February 13, competed in the six mile cross-country ski race from Thomasburg to Tweed in connection with the 1971 Tweed Winter Carnival. This is the second year that such an event had been scheduled. The races were managed by George Stroempl and E. English of Tweed and radio communication from starting and finishing points was supplied by Colonel Angus Duffy of Belleville.

The trail was praised for its good lay-out and topographical variety by skiing contestants from Batawa, Peterborough, Bethany, Royal Military College and Queen's University at Kingston, C.P.B. Trenton, Stirling and Tweed. Owing to poor weather only 22 of the original 34 applicants participated in the races. There were four classes of racers with Bantams racing 2.5 miles, Juniors Intermediates and Seniors racing from Thomasburg to Tweed, a distance of six miles. The twelve-mile race from Latta to Tweed had been cancelled due to severe wind and difficult snow conditions.

The winner in the Bantam girls' class was C. Leach of Peterborough with a time of 44 minutes and 15 seconds. R. McLaughlin of Queen's University took the first prize in the Junior boys class with a time of 1:14:08. D. Campbell also of Queen's came first in the Intermediate class clocked at 1:03:20. R. Lake of Queen's won the Senior's race with the best time of 1:01:14. This reporter came in fourth in the Junior class with a time of 1 hour, 35 minutes and 55 seconds.

Trophies were awarded to the winners in each class. The facilities of St. John's United Church were used for the headquarters where refreshments were served after the race.

It was suggested that a race on the 12-mile trail should be organized sometime in March when most skiing activities are concluded. This would attract participants from the clubs which are too engaged in other races in February, especially in the Ottawa Valley and Toronto areas.

The ski trail is marked with orange plastic flagging from Latta to the Stoco Road a distance of 12 miles. Area skiers are welcomed to use the trail at any time. The committee in Tweed would appreciate it if snowmobilers would avoid using the narrow ski track. There is plenty of space for both.

(by William J. Martin)

Mr. Martin serves as special consultant to Avco Financial Services. All questions should be sent to him at P.O. Box 5875, London, Ontario, Canada. Those containing a name and address will be answered in this column or by direct return mail. No names will be used in print.

Have you ever wondered how your family's income compares to others or to the average family's? How much do you think the average urban family of four needs to get by these days?

According to the U.S. Department of Labor, it needs more than \$7,100 a year just to maintain a low (but adequate) standard of living. That's about \$550 more than it took just two years ago.

To maintain a "moderate" standard of living, the same family needs about \$11,000 for a higher standard, nearly \$16,000 a year is required.

The three budgets were first reported on in 1967, and the current figures were compiled by applying the increased living costs, as measured by the Department's Bureau of Labor Statistics' consumer price index to the items allowed for the imaginary family.

The budgets for 1969 were \$6,567 for the lower standard of living, \$10,077 for the moderate and \$14,589 for the higher standard.

The report stated that the manner of living in the lower budget differs from that in the moderate and higher budgets primarily in the specifications that the family lives in rental housing without air conditioning, performs more services for itself and utilizes free recreation facilities in the community.

Adjustments were made for various cities throughout the country. For example, Anchorage, Alaska was the most expensive city in the U.S., followed by Honolulu, Hawaii and the San Francisco-Oakland, California area.

of the feature presentation on responsible communication. Using posters, pictures and a skit she developed the idea. Two questions asked were: How do you express yourself? How responsibly do you listen? We are communicating in the way we look, the way we feel, how we talk and what we create. Is the press responsible in its communication? Is television responsible in its advertising? What effect will it have on our children? A skit, "An Exercise in Futility" was presented by the following ladies of Mount Pleasant U.C.W.: Mrs. Ruth Joslin, Mrs. Lois Hoard, Mrs. Dawn Cox, Mrs. M. McMullen, Mrs. Edna Campbell. They portrayed an Executive meeting. The audience was asked to look for blocks to communication. At the close they had found the following blocks: Physical: cold room, awkward seating arrangement, table too small and too low. Inadequate preparation: president was not familiar with the business, no agenda, program

## STIRLING HORTICULTURAL SOCIETY

CONTAINERS: Pewter vases, tankards and dishes make charming receptacles for many flowers (notably petunias) white flowers combined with gray foliage and flowers in rich warm shades of red, copper and brass harmonize well with zinnias in shades of orange-brown and yellow; they are also especially suited to wild asters, autumn leaves, the way-side flowers of summer and early fall and the branches of flowering shrubs and trees.

**Letter to the editor**

Dear Sir:

In an article by Mr. Robert  
Coates, M.P. in the Montreal Gaz-  
ette some time ago, he asks  
Canadians the question are we  
marching down the road to re-  
publicanism.

The answer to this question  
is without doubt very apparent  
to any Canadian who keeps a  
vigilant eye on events since the  
Trudeau government came to  
power.

As has been pointed out by  
Mr. Coates, Mr. Trudeau has  
selected a corps of super-bur-  
eaucrats of a partisan nature  
so that he can short-circuit not  
only Parliament but also the Cab-  
inet, at the present time it costs  
the taxpayers of Canada \$800,000  
yearly to maintain this staff.

Then when we examine what  
has taken place so many of the  
Commonwealth ties have one by  
one been eliminated, so ably  
described some time ago by a  
well known Canadian, now a Sen-  
ator, as creeping republicanism.  
Let us then pay particular  
attention to Mr. Trudeau's own  
statement to news reporters on  
the eve of the Commonwealth  
conference in Singapore, when  
several African states threaten-  
ed to leave the Commonwealth.  
Mr. Trudeau let it be known that  
it would be extremely doubtful  
that Canada would remain a mem-  
ber.

Therefore at the present time  
Canadians should awake and real-  
ize that our connection with the  
Commonwealth which has served  
Canada well over 100 years, is  
in grave danger of being replaced  
by a republican form of govern-  
ment, a system which is repug-  
nant to many Canadians, as in  
Europe and several other coun-  
tries is has been the forerun-  
ner of Communism.

Press Officer, Grand Orange  
Lodge of Ontario East.

**RONALD MALCOLM  
BERRY**

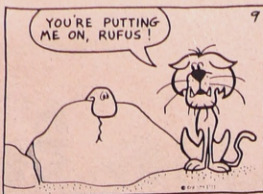

Ronald Malcolm Berry of Stir-  
ling, died in the Belleville Gen-  
eral Hospital Saturday, Feb. 20.  
Mr. Berry, who was in his  
85th year, was born in Maple,  
Ontario, and was predeceased by  
his wife, the former Pearl Hal-  
liday.

He is survived by his sons  
George of Toronto, Charles (Bud)  
of Scarborough, Stewart of Ed-  
monton, Robert (Bobbie) of Ed-  
monton, and his daughter Mrs.  
Horace (June) Wilcox.  
He was a retired T.T.C. mo-  
torman, Russell Division, Toron-  
to.

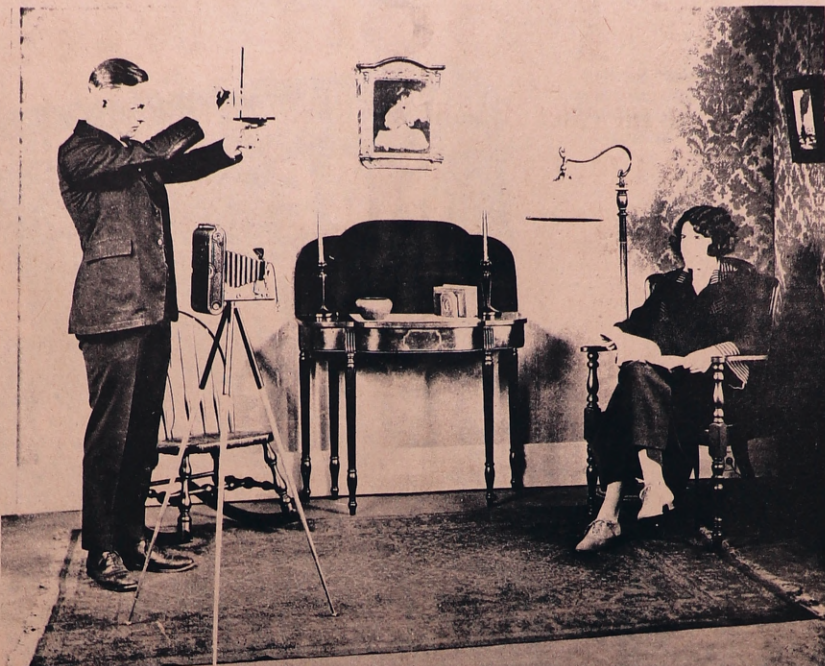

Service was held Tuesday, Feb.  
23 at 3 p.m. in the chapel of  
the Hogle Funeral Home, Stir-  
ling.

The service was conducted by  
Rev. Charles Staples and entomb-  
ment was in the Stirling Ceme-  
tery vault.

**FLASH PHOTOGRAPHY OVER THE YEARS**

Once upon a time — about 1910 — flash equipment for the house-  
hold picture-taker was so explosive it was actually labelled "fire-  
works" and shipped in sparkproof boxes. Take this old-time  
photographer with tripod-mounted camera set on time exposure and  
his Eastman flash-sheet holder at a careful angle. It was always  
cumbersome; and it could (remember?) be hazardous on some occa-  
sions.

One kilowatt-hour is the amount  
of energy needed to operate your  
world-state light for 30 hours at  
a cost of little more than one  
cent. In 1970, Ontario Hydro  
customers used over 60 billion  
kilowatt-hours.

An average of 20 units of whole  
blood is needed for every open  
heart operation.

**MARSH WEIRDEES: INVERTEBRATES**

Two of the most abundant freshwater inverte-  
brates are: "A" Daphnia (water flea) and "B"  
Gammarus (scud) or sideswimmer. Found in clear  
water in marshes, lakes and rivers, these small  
organisms are an important food of fish and  
ducks, they are also preyed upon by larger in-  
vertebrates and insects. They often occur in in-  
credible numbers, "Scud" at times coloring the  
water red, brown, purple or green by their con-  
centrations. "Water fleas" measure 0.2 to 0.3  
millimeters in length, the "Scud" 5 to 20 milli-  
meters. Both swim about freely, the "Scud" is  
able to walk and crawl on vegetation on the mud  
or sand bottom. The "overhead" fringe-like arms  
of the "Water flea" are used to filter and sweep  
food into the mouth.

## QUESTIONS

ABOUT THE MOTORIZED  
SNOW VEHICLES ACT  
WITH GEORGE RHYNSBURGER  
Bylaw Enforcement Officer

QUESTION: What are the regulations regarding licence plates for snowmobiles?

ANSWER: The Motorized Snow Vehicles Act 1968 as amended to November 1, 1970.

Sect. 2 (3) -- Every motorized snow vehicle while being driven shall have attached to and exposed on THE FRONT THEREOF, in a conspicuous position, a number plate furnished by the Department showing in plain figures the number of the permit issued for the current year or any part thereof.

QUESTION: If I move, what steps must I take?

ANSWER: Sect. 3 (2) -- Where an owner changes his address as given under subsection 2 of section 2, he shall within six days send by registered mail or cause to be filed in the Department his change of address, and every subsequent change of address.

QUESTION: What is the age limit for driving a snowmobile on a highway?

ANSWER: Sect. 7 (1) -- No person under the age of sixteen years shall drive a motorized snow vehicle upon a highway. (2) The owner of a motorized snow vehicle shall not permit any person under the age of sixteen to drive the motorized snow vehicle upon a highway.

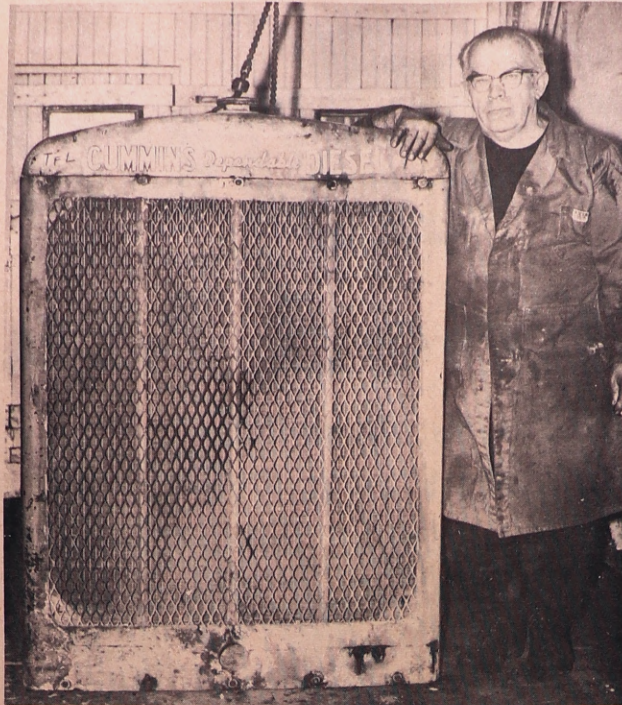

(3) Where the operation of a motorized snow vehicle is permitted on a highway under this Act, no person shall drive a motorized snow vehicle on a highway, unless he holds an operators or chauffeurs licence issued under the authority of The Highway Traffic Act.

(5) No person who is the owner or in possession or control of a motorized snow vehicle shall permit any person who is not the holder of a chauffeur's licence or operator's licence to operate or drive the motorized snow vehicle on a highway.

QUESTION: What obligations are there pertaining to insurance?

ANSWER: Section 9 (1) -- No person shall drive a motorized snow vehicle upon a highway unless he is insured under a motor vehicle liability policy in accordance with The Insurance Act, and the owner of a motorized snow vehicle shall not permit any person to drive the vehicle upon a highway unless the driver is so insured.

If you have a question about the Highway Traffic Act, write it down and mail it to Questions, c/o Stirling News Argus, Box 100, Stirling. No names will be used in this column.

A KING SIZE RADIATOR

Orrie Seeley, at Stirling Welding and Radiator Repair Shop, had his hands full recently when officials at Minnesota Minerals

of Havelock asked him to repair a radiator. The radiator, from a 3 year shovel at the mine, weighed 690 lbs. Mr.

Seeley said that it was the largest radiator repair job he had ever done. Photo by Roy Lewis

## New laws to be discussed

Truckers in this area will get a chance to discuss the new Provincial axle weight laws and regulations with representatives of the Ontario Department of Transport at a meeting to be held at Belleville Collegiate Institute & Vocational School, John Street, Belleville on Friday evening, February 26, 1971 starting at 8:00 p.m.

## JEAN VICTORIA McADAM

Mrs. Jean Victoria McAdam, Eldorado, died at her residence on Feb. 16 in her 54th year. She had been in failing health for several years.

Born in Madoc township, she was the daughter of the late Mr. and Mrs. Bert McCoy and had spent her lifetime in the area.

Surviving are her husband, S. Roy McAdam; one son, John Wilbur, Regina, Sask., one granddaughter; two sisters, Mrs. M. (Sadie) Montgomery, Toronto; and Mrs. R. (Glen) McConnell, Stirling; and two brothers, Harry, R.R. 1 Madoc and Wilbur, R.R. 3 Little Britain.

Mrs. McAdam was a member of St. John the Baptist Anglican Church, Madoc.

Rev. J. H. Thompson conducted the funeral service at St. John the Baptist Church on Feb. 19. Pallbearers were Francis Bosley, Ivan Sine, Clarence Stevenson, Gerald Morrison, Thomas Lloyd, Mel Johnson, Eric Omerod and Archie Pitt. Entombment took place in Madoc Township vault.

## Will new jail be big enough?

The new four-county regional detention centre at Napane may not be large enough to accommodate all jail inmates from the Quinte district.

This was the doubt expressed in Belleville city council by Mayor J. Russell Scott, who said there was concern over the limited capacity of the new central jail, scheduled for opening some time in the spring.

He said the jail had capacity for prisoners from Belleville and Hastings County and possibly for inmates from Kingston but definitely not for the four counties of Hastings, Prince Edward, Lennox and Addington and Frontenac.

## Mount Pleasant UCW holds meeting

(by Mrs. Percy MacMullen) The postponed dinner meeting of Mount Pleasant United Church Women was held at the hall on Tuesday, February 16th. Forty-four people enjoyed the pot luck buffet meal.

The meeting was held later with 22 ladies and 7 pre-school children in attendance. Mrs. Garth Joslin welcomed the group and all sang, Wonderful Love. Mrs. Kenneth Weaver was pianist.

Mrs. Douglas Campbell was in charge of the minutes and roll call. Mrs. Herbert Smith read four messages of thanks. Mrs. George Grills reported the proceeds of the recent sale and banquet.

Mrs. Burton Sharpe gave the financial picture. Mrs. Robert Hoard spoke of the 4 H girls' club work and \$15 was donated for The Cerebral Shovel project. It was authorized to buy material for Junior Choir gowns. The group will enter for the Hubble Auction Farm sale on March 13th. Money will be available for two persons to attend a meeting at Five Oaks in March. Fifty copies of the magazine entitled "Mandate" will be ordered.

On March 10th at 8 p.m. the U.C.W. will entertain Rawdon H.C. group. Several fees were paid for 1971.

Mrs. W. C. Cox was in charge of the devotional, centred around the theme "The Perfect Foundation". Mrs. Harry McAdam gave the prayer and Bible lesson.

Mrs. Robert Hoard delivered a very informative message on the study entitled, "Come to the Americas." She displayed a large array of books giving descriptions of Bermuda, Caracas, Jamaica, Cayman Islands, Brazil, Amazon, Mexico and Venezuela. A large selection of posters stressed the thoughts - Do We Love Enough To Care, What Does It Feel Like To Starve, Love Cares and Love Shares.

The meeting closed with the Benediction.

## A Reminder

The News-Argus has been asked to issue a reminder that Saturday, March 13, will be the closing date for entries in this year's Stirling Festival of Sacred Praise.

## Mount Pleasant

(by Mrs. Percy MacMullen) On Tuesday evening, February 16th, Mr. and Mrs. Herbert Smith entertained the Rawdon H.C. group at their home. The president, Grant Dunham was in charge.

Mrs. Archie Bailey, Mrs. George Grills, Mrs. Robert H. Hoard, Mrs. Mac Sharp re. presented the U.C.W. and were in charge of the Coffee Shop at Hastings Manor, Belleville on Wednesday afternoon, February 17th.

Mr. and Mrs. Raymond McConnell attended the funeral of her sister (Jean) Mrs. Roy McAdam at Madoc on Friday, February 19th.

Grant Dunham, son of Mr. and Mrs. Jack Dunham of Wellman, left on Friday to enjoy an educational cruise to the Mediterranean.

Due to the heavy ice storm on Saturday morning, February 20, there was no rural mail delivery on R.R. 3.

Mr. and Mrs. Robert C. Hoard, Mr. and Mrs. Robert Merrick, and Mr. and Mrs. Herbert Smith, spent several days in New York. They visited their aunt and uncle, Mr. and Mrs. Walter Mead, also their cousins, John and Walter Mead, and their respective families.

Mr. and Mrs. Howard Foshy and children, Morton, Marlene, Yvonne, Cindy and Connie have taken up residence on the former Cooney farm, third concession. On Friday evening they were presented with gifts by the River Valley community.

On Saturday morning, Mrs. Douglas Campbell received word of the death of her father Floyd Bartlett. The funeral was held Monday, February 22nd at Belleville.

The ladies of Mount Pleasant are invited to attend The World Day of Prayer Service on Friday, March 5th at Good Tidings Pentecostal Tabernacle at 2 p.m.

To compliment the Swiss Foundry Henri Dunant, the international emblem of Red Cross, a red cross on a white background, is the reverse of the flag of Switzerland.

The first time the Red Cross flag was flown in Canada was in 1885 when Dr. G. S. Ryerson, a surgeon to the Tenth Royals, organized a volunteer medical corps to tend the wounded of both forces at the Louis Riel Northwest Rebellion.

One aspect of the Red Cross is a free prenatal blood test to check the Rh-factor of a mother-to-be. This enables her doctor to be prepared for any Rh-factor complications which might arise during or after the pregnancy.

*The Second Forty*  
by Margaret Brookfield  
A FORUM ABOUT MATURE WOMEN

Our Readers Write  
(We recently asked our readers to suggest activities for Mrs. T.R. of Burley, Idaho, who is a widow and lives alone. A number of excellent letters have come in, suggesting ways for her to get more out of life. Here are two of these...)

Mrs. E. V. of Cicero, Ill., writes: I read about Mrs. T.R. being lonesome and having a spinal problem. I, too, have problems I must learn to live with. But I'm grateful for the talents God has given me and I sure make use of them. I've been a widow for eight years, also live alone, but keep myself occupied. I get together with a group of other widows at church to do handwork. We keep busy as best we can.

I embroider pillow cases and sheets, for which I won two first prizes. I bake cookies and small cakes for the elderly. I knit afghans, I knit berets, mittens, scarves, etc. for my grandchildren. I have seven of them. If Mrs. T.R. knits mittens, etc. for her grandchildren, they will love them. I know mine do.

Mrs. C. H. of Hartford, Conn. suggests that:  
Mrs. T.R. could go to the library and get books to read, do some knitting or crocheting for her grandchildren, and perhaps baby-sit for extra money. She could even volunteer to help with a Brownie or Girl Scout Troop. They always need help in the way of telephoning or typing, or paperwork, and this could be done in her own home. One thing more that could give Mrs. T.R. hours of pleasure is getting herself a pet cat. Cats are lots of company.

Business-like Loans  
Dear Margaret Brookfield:  
My son-in-law is interested in going into business for himself. He wants to open a restaurant but needs some cash to do so. He has asked my husband for help. (We're in a fairly good financial position now, but would have for it all our lives). My husband approves of the idea and believes our son-in-law can probably make a go of the venture since he's an industrious young man. He thinks we should lend him the money, but in a business-like way. I feel this is too cold-blooded. After all, he is our daughter's husband. We shouldn't treat him like a stranger. What do you think about this?

Dear O.L.:  
Many people have learned from unhappy experience that it's best to treat any substantial loan—especially one to a relative—as a business transaction. Lawyers will tell you that some of the most difficult-to-collect loans are those made right within the family. So before you part with any of your hard-earned cash, why not consult a lawyer about drawing up a loan agreement. Otherwise, you might find that what you thought was a loan proved to be an outright gift.

Disturbing Situation  
Dear L.M.:  
To answer your S.O.S., you may keep up your health for the sake of your three children who need you. If the situation you're in is so disturbing, you should consider trying to make a life for yourself. Why not talk this over with your minister or the Family Service Society in your community?

Have you a problem as a mature woman, or with one? For advice and help, write to Margaret Brookfield, Information Center on the Mature Woman, 3 West 57th Street, New York, N.Y. 10019.

Getting Older  
Dear Margaret Brookfield:  
I am 47 and happily married, but don't like the idea of getting old. I'm trying to stay as young as I can, for as long as I can. In this connection, is there some way to put off having your "change of life"?  
L.N., Edna, Texas

Women who remain lovely as they get older seem to be those who see life as a constant process of change. They accept the fact that as we get older the body is bound to change, and that menopause is one of the natural and inevitable changes.

LEGAL NOTICES 18c per line 1st insertion, 13c per line subsequent insertions.

Many women, however, find additional help in making this transition with estrogen replacement therapy. This is a form of treatment, prescribed by many physicians, which can increase a woman's sense of well-being, physically and psychologically, during this time. Consulting your doctor about this may prove helpful to you. Also of tremendous help in this respect is having a kind, understanding husband. You wouldn't be so happily married if you didn't have one.

Teen-Age Marriages  
Dear Margaret Brookfield:  
My 18-year-old son, who recently started college out of town, now tells me he wants to marry a girl he just met there. He claims he won't have to ask us for any more money than we've already put aside for his education, since he and the girl are both willing to work part-time. I'm very opposed to this marriage because I think he's too young to take on such responsibilities. I'd rather see him finish school first. My husband says he's old enough to make up his own mind. What do you think about teen-age marriages?

R.W., Doylestown, Pa.  
Dear R.W.:  
Teen-age marriages, as compared with later ones, are generally characterized by a higher divorce or unhappiness rate. According to Judson T. Landis, Professor of Sociology at the University of California, this is because the very young have not had enough experience to judge what is a good relationship and what is a bad one. It does require a considerable degree of maturity to make a success of marriage, and if the people involved are immature, they're going to have their hands full coping with school, with part-time work and with each other. Encourage your son to take it one step at a time. Have him take a part-time job to see how he handles those responsibilities, then after a while he can think about the larger responsibilities of marriage. It will also give him time to get to know the girl better.
